[Project No. 11651-001]

Calleguas Municipal Water District Notice of Surrender of Exemption (Conduit)

Pursuant to section 4.95(a) of the Commission's regulations,¹ Calleguas Municipal Water District filed with the Commission a petition to surrender its exemption from licensing for the unconstructed Las Posas Basin Aquifer Storage and Recovery Project No. 11651,² stating that the proposed project is no longer economically practicable.³ The project would have been located near the Town of Moorpark in Ventura County, California.

Section 4.95(c) of the Commission's regulations states that if no construction has begun, an exemption will remain in effect through the thirtieth day after the Commission issues a public notice of receipt of the petition, unless the Commission issues an order to the contrary.⁴ Accordingly, Calleguas Municipal Water District's surrender of its exemption from licensing will be effective at the close of business on September 22, 2011. If the Commission is closed on that day, then the surrender is effective at the close of business on the next day in which the Commission is open.⁵ No applications for this site may be submitted until after the surrender is effective.

Dated: August 23, 2011.

ACTION: Notice.

SUMMARY: This notice, pursuant to section 6(f)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), announces a Notice of Intent to Suspend issued by EPA pursuant to section 3(c)(2)(B) of FIFRA. The Notice of Intent to Suspend was issued following the Agency's issuance of a Data Call-In notice (DCI), which required the registrant of the affected pesticide product containing a certain pesticide active ingredient to take appropriate steps to secure certain data, and following the registrant's failure to submit these data or to take other appropriate steps to secure the required data. The subject data were determined to be required to maintain in effect the existing registration of the affected product. Failure to comply with the data requirements of a DCI is a basis for suspension of the affected registration under section 3(c)(2)(B) of FIFRA.

DATES: The Notice of Intent to Suspend notice will become a final and effective suspension order automatically by operation of law 30 days after the date of the registrant's receipt of the mailed Notice of Intent to Suspend or 30 days after the date of publication of this notice in the **Federal Register** (if the mailed Notice of Intent to Suspend is returned to the Administrator as undeliverable, if delivery is refused, or if the Administrator otherwise is unable to accomplish delivery to the registrant after making reasonable efforts to do so), unless during that time a timely and adequate request for a hearing is made by a person adversely affected by the Notice of Intent to Suspend or the registrant has satisfied the Administrator that the registrant has complied fully with the requirements that served as a basis for the Notice of Intent to Suspend. Unit IV. explains what must be done to avoid suspension under this notice (*i.e.*, how to request a hearing or how to comply fully with the requirements that served as a basis for the Notice of Intent to Suspend).
