

[rdna_rac_rac_meetings.html](#) for more information.

Place: Hilton Washington/Rockville, 1750 Rockville Pike, Rockville, MD 20852.

Time: September 14, 2011, 8:30 a.m. to 1:15 p.m.

Agenda: The NIH Recombinant DNA Advisory Committee (RAC) will discuss selected human gene transfer protocols, including a study using a modified *Bifidobacterium longum* for targeting of chemotherapy for advanced cancer. The RAC will also hear a presentation of the results of a Phase 1/2 trial using a modified AAV1 virus that expresses the sarcoplasmic reticulum Ca^{2+} -ATPase in subjects with advanced heart failure. Please view the meeting agenda at http://oba.od.nih.gov/rdna_rac_rac_meetings.html for more information.

Place: Hilton Washington/Rockville, 1750 Rockville Pike, Rockville, MD 20852.

Contact Person: Chezelle George, Office of Biotechnology Activities, Office of Science Policy/OD, National Institutes of Health, 6705 Rockledge Drive, Room 750, Bethesda, MD 20892, 301-496-9838, georgec@od.nih.gov.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: <http://oba.od.nih.gov/rdna/rdna.html>, where an agenda and any additional information for the meeting will be posted when available.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are affected.

(Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan

Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

Dated: August 22, 2011.

Jennifer S. Spaeth,

Director, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Post-Award Contract Information

AGENCY: Office of Chief Procurement Officer, DHS.

ACTION: 60-Day notice and request for comments; Extension without change.

SUMMARY: The Department of Homeland Security, Office of Chief Procurement Officer, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until October 31, 2011. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Written comments and questions about this Information

Collection Request should be forwarded to the Office of Chief Procurement Officer, Acquisition Policy and Legislation Office, DHS Attn.: Camara Francis, Department of Homeland Security, Office of the Chief Procurement Officer, Room 3114, Washington, DC 20528, Camara.Francis@hq.dhs.gov, 202-447-5904.

SUPPLEMENTARY INFORMATION: The Department of Homeland Security (DHS) Components and the Office of the Chief Procurement Officer collect information, when necessary in administering public contracts for supplies and services. The information is used to determine compliance with contract terms placed in the contract as authorized by the Federal Property and Administrative Services Act (41 U.S.C. 251 *et seq.*) and the Federal Acquisition Regulation (FAR) (48 CFR Chapter 1). Source selection documentation, Government estimate of contract price, contract modifications, Small Business Administration Certificate of Competency, Justification and approvals, determination and finding are examples of the kinds of post-award contract information that is collected and identified in pertinent sections of FAR 4.803, Contents of contract files. The complete FAR can be viewed on the Internet at <http://www.arnet.gov>.

The information requested is used by the Government's contracting officers and other acquisition personnel, including technical and legal staffs to determine contractor's technical and management progress and controls of the firms holding public contracts to determine if the firms are making appropriate progress in work agreed to and are otherwise performing in the Government's best interest. Payment of a firm's invoices (or non-payment) and/or corrective action may result from such reviews. If this information were not collected, the Government would jeopardize its operations by failing to exercise its responsibility for a major internal control in its contracts' post-award phase. Many sources of the requested information use automated word processing systems, databases, spreadsheets, project management and other commercial software to facilitate preparation of material to be submitted, particularly in the submission of periodic (e.g., monthly) reports that describe contractor performance and progress of work. With Governmentwide implementation of e-Government initiatives, it is commonplace within many of DHS's Components for submissions to be electronic.
