SUPPLEMENTARY INFORMATION:

I. Introduction

Section 14(a)(3)(B)(vi) of the CPSA, as added by section 102(a)(2) of the CPSIA, directs the CPSC to publish a notice of requirements for accreditation of third party conformity assessment bodies to

assess children's products for conformity with "other children's product safety rules." Section 14(f)(1) of the CPSA defines "children's product safety rule" as "a consumer product safety rule under [the CPSA] or similar rule, regulation, standard, or ban under any other Act enforced by the Commission, including a rule declaring a consumer product to be a banned hazardous product or substance." Under section 14(a)(3)(A) of the CPSA, each manufacturer (including the importer) or private labeler of products subject to those regulations must have products that are manufactured more than 90 days after the **Federal Register** publication date of a notice of the requirements for accreditation, tested by a third party conformity assessment body accredited to do so, and must issue a certificate of compliance with the applicable regulations based on that testing. Section 14(a)(2) of the CPSA, as added by section 102(a)(2) of the CPSIA, requires that certification be based on testing of sufficient samples of the product, or samples that are identical in all material respects to the product. The Commission also emphasizes that, irrespective of certification, the product in question must comply with applicable CPSC requirements (*see, e.g.*, section 14(h) of the CPSA, as added by section 102(b) of the CPSIA).

This notice provides the criteria and process for Commission acceptance of accreditation of third party conformity assessment bodies for testing toys, pursuant to ASTM F 963-08, and for testing toy chests, pursuant to section 4.27 of ASTM F 963-07e1. ASTM F 963-08 and section 4.27 of ASTM F 963-07e1 are voluntary standards, but under section 106(a) of the CPSIA, they have become mandatory federal requirements, "except for section 4.2 and Annex 4 [of ASTM F 963], or any provision that restates or incorporates an existing mandatory standard or ban promulgated by the Commission or by statute." Readers may obtain a copy of ASTM F 963-08 and/or ASTM F 963-07e1 from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA, 19428-2959; (610)-832-9500; <http://www.astm.org>.

Section 106(a) of the CPSIA states that, beginning 180 days after August 14, 2008—the date the CPSIA was enacted—ASTM F 963-07 shall be considered a consumer product safety standard issued by the Commission under section 9 of the CPSA. Under section 106(g) of the CPSIA, when ASTM proposes to revise ASTM F 963, it must notify the Commission of the proposed revision. The revised standard will be considered the consumer
