

2. Statutory Basis

The Exchange believes that this proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (“Act”),⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that its proposal is consistent with the Act because, on balance, the elimination of the continuous quoting obligations in adjusted series is a minor change and should not impact the quality of Amex’s market. Among other things, adjusted series are not common, and trading interest is often very low after the corporate event has passed. Consequently, continuous quotes in such series increases quote traffic and burdens systems without a corresponding benefit. By not requiring Market Makers to continuously quote in such series, the Exchange’s proposal would further its goal of measured quote mitigation. Further, while they will not be tasked with continually quoting such series, Market Makers will be obligated to quote the series when called upon by a Trading Official. In addition, a MM [sic] will be required to quote the series becomes “lit” in response to a request for quote being received. Accordingly, the proposal supports the quality of Amex’s market by helping to ensure that Market Makers will continue to be obligated to quote in adjusted series when the need arises.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.
