

collateral will have access to the collateral for which it is substituting. The Interbank Movement is expected to occur in the morning, though the clearing banks and FICC have the capability to have the Interbank Movement occur at any point during the day up until 2:30 p.m. The agreed upon final timeframe will be determined as between FICC and the clearing banks prior to the implementation date of the Pilot Program. During the Pilot Program, FICC and the clearing banks will unwind the intrabank GCF Repo transactions at 3:30 p.m. FICC and the clearing banks will determine the most appropriate timeframe for the Interbank Movement process to occur.

On Day 2, GCF Repo securities collateral will be debited from the securities account of the receiver of the collateral at its clearing bank, and from a FICC account at the same clearing bank. If a substitution request is received by the clearing bank of the provider of GCF Repo securities collateral prior to the substitution deadline at a time specified in FICC's procedures,²¹ that clearing bank will process the substitution request by releasing the GCF Repo securities collateral from the FICC GCF Repo account at such clearing bank and crediting it to the account of the provider of GCF Repo securities collateral. All cash substituted for the GCF Repo securities collateral being released will be credited to FICC's GCF Repo account at the clearing bank of the provider of GCF Repo securities collateral.

Simultaneously, with the debit of the GCF Repo securities collateral from the account at the clearing bank of the original receiver of GCF Repo securities collateral, such clearing bank will effect a cash debit equal to the value of the securities collateral in FICC's GCF Repo account at such clearing bank and will credit the account of the original receiver of securities collateral at such clearing bank with such cash amount in order to make payment to the original receiver of securities collateral. (This is because when the original receiver of securities collateral is debited the securities, it must receive the funds.) In

²¹ This timeframe will also be established in consultation with the clearing banks and the Federal Reserve. The parties are considering whether to have the substitution process be accomplished in two batches during the day depending upon the time of submission of the notifications for substitution. In any event, substitution requests will be subject to the substitution deadline. The details of the batches, if applied, will be announced to members by important notice. The deadline for submission of GCF Repo substitution requests will be the same for intrabank and interbank processing.

order to secure FICC's obligation to repay the balance in FICC's GCF Repo account at the clearing bank of the original receiver of GCF Repo securities collateral, FICC will grant to such clearing bank a security interest in the cash substituted for the GCF securities collateral in FICC's GCF repo account at the other clearing bank.

For substitutions that occur with respect to GCF Repo transactions that were processed on an interbank basis, FICC and the clearing banks will initially only permit cash substitutions in order to accommodate current processing systems. In the future, as systems are upgraded, FICC may permit securities substitutions in the same way as described above for GCF Repo transactions occurring on the intra-bank basis. If interbank securities substitutions are permitted, FICC will announce this to members by important notice.

C. Other rule changes

FICC is also making technical changes to Section 7 of GSD Rule 20, which relate to the GCF Repo collateral process. Specifically, FICC is changing reference to the defined term "Security" to "security" to conform to the use of "security" throughout the rule. The rule change also introduces a term that previously had not been included in the rules inadvertently, "GCF Collateral Excess Account." This term is defined as "the account established by a GCF Custodian Bank in the name of the Corporation to hold securities it credits to the GCF Securities Account the Corporation establishes for another GCF Clearing Bank."

III. Discussion

Section 17A(b)(3)(F) of the Act²² requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of security transactions and assure the safeguarding of securities and funds which are in the custody or control of such clearing agency or for which it is responsible.

Because the proposed rule change aligns the GCF Repo service with recommendations being made by the TPR to address risks in the overall tri-party repo market, it will promote the prompt and accurate clearance and settlement of security transactions and assure the safeguarding of securities and funds which are in the custody or control of FICC or for which it is responsible, and therefore is consistent with the requirements of Section 17A(b)(3)(F) of the Act. The proposed

²² 15 U.S.C. 78q-1(b)(3)(F).

rule change is not inconsistent with the existing rules of FICC, including any other rules proposed to be amended.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act²³ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁴ that the proposed rule change (File No. SR-FICC-2011-05) be, and hereby is, approved.²⁵

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.²⁶

August 26, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 24, 2011, NASDAQ OMX PHLX LLC ("Phlx" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

²⁵ In approving the proposed rule change, the Commission considered the proposal's impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

Schedule titled "Rebates and Fees for Adding and Removing Liquidity in Select Symbols," specifically to amend the Select Symbols.³

While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on September 1, 2011.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the list of Select Symbols in Section I of the Exchange's Fee Schedule, entitled "Rebates and Fees for Adding and Removing Liquidity in Select Symbols" in order to attract additional order flow to the Exchange.

The Exchange displays a list of Select Symbols in its Fee Schedule at Section I, "Rebates and Fees for Adding and Removing Liquidity in Select Symbols," that are subject to the rebates and fees in that section. Among those Select Symbols are: (i) iShares Dow Jones U.S. Real Estate Index Fund ("IYR"); and (ii) ProShares UltraShort QQQ ETF ("QID"), which the Exchange is proposing to remove from the list of Select Symbols. The Exchange is also proposing to add: (i) Procter & Gamble Co. ("PG"); and (ii) SPDR S&P Oil & Gas Exploration & Production ETF ("XOP") to the list of Select Symbols in Section I.

While changes to the Fee Schedule pursuant to this proposal are effective

upon filing, the Exchange has designated these changes to be operative on September 1, 2011.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities.

The Exchange believes that it is reasonable to remove IYR and QID from its list of Select Symbols and add PG and XOP to its list of Select Symbols to attract additional order flow to the Exchange. The Exchange anticipates that the addition of PG and XOP to Section I of the Fee Schedule would attract market participants to transact equity options at the Exchange because of the available rebates. In addition, the Exchange believes that applying the fees in Section II, entitled "Equity Options Fees"⁶ to IYR and QID, including the opportunity to receive payment for order flow, will also attract order flow to the Exchange.

The Exchange believes that it is equitable and not unfairly discriminatory to amend its list of Select Symbols by removing IYR and QID and adding PG and XOP because the list of Select Symbols would apply uniformly to all categories of participants in the same manner. All market participants who trade the Select Symbols would be subject to the rebates and fees in Section I of the Fee Schedule. Also, all market participants would be uniformly subject to the fees in Section II.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(4).

⁶ Section II includes options overlying equities, ETFs, ETNs, indexes, and HOLDRS which are Multiply Listed.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
