Proposed Settlement Agreement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Settlement Agreement; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by Allied Energy Company, Gladieux Trading and Marketing, Insight Equity Acquisition Partners, LP, Liquidtitan, LLC and Seaport Refining and Environmental, LLC ("Petitioners"), in the United States Court of Appeals for the District of Columbia Circuit: *Allied Energy Company, et al v. EPA*, No. 10-1146 (D.C. Cir.). Petitioners filed a petition for review respecting one issue in an EPA rule that, among other things, beginning in June, 2014, forbade the production of diesel fuel that contains up to 500 parts per million (ppm) sulfur for use in older technology locomotive and marine engines. Under the terms of the proposed settlement agreement, EPA anticipates that, by December 31, 2011, it will sign a notice of proposed rulemaking that includes a proposal to allow the continued production of diesel fuel that contains up to 500 parts per million (ppm) sulfur, produced from transmix, for use in older technology locomotive and marine engines outside
