Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the *Paperwork Reduction Act of 1995* for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. Proposed Project

Legionellosis Case Report—OMB 0920–0009, exp. 4/31/2013-(Revision) National Center for Immunization and Respiratory Diseases (NCIRD), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Surveillance for legionellosis, a nationally notifiable disease, has been

conducted since 1980. A voluntary surveillance system, maintained by the Centers for Disease Control and Prevention’s Respiratory Diseases Branch, collects and monitors Legionellosis Case Report forms submitted by local and state health departments on the approved form (OMB 0920–0009).

To reflect recent enhanced surveillance initiatives for travel and healthcare-associated legionellosis and recent changes to the nationally notifiable case definition, CDC is requesting changes to the currently approved Legionellosis Case Report

form. The changes will allow the Legionella Program to better detect potential clusters and outbreaks of Legionnaires’ disease and to monitor changing epidemiological trends by collecting a greater level of detail for each legionellosis case. The burden to the respondents should be minimally affected by these proposed changes. In most cases, the burden should be reduced as the changes requested should provide clearer guidance for form completion.

There are no costs to respondents other than their time.

ESTIMATE OF ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hrs)	Total burden hours
State public health	50	70	20/60	1,167
Total	50	70	20/60	1,167

Dated: September 8, 2011.

Daniel Holcomb,

Reports Clearance Officer, Centers for Disease Control and Prevention.
