

(ii)(I) Imports of articles or services like or directly competitive with articles produced or services supplied by such firm have increased; and

(iii) The increase in imports described in clause (ii) contributed importantly to such workers' separation or threat of separation and to the decline in the sales or production of such firm.

In the case at hand, the relevant time periods are April 1, 2009 through April 1, 2010, and the articles at issue are those that are like or directly competitive with the lever-action and bolt-action sporting rifles.

Based on the information collected during the remand investigation, the Department determined that imports of articles like or directly competitive with the lever-action and bolt-action sporting rifles produced by the subject firm increased during the relevant period and contributed importantly to worker separations or threat of separation, and to the decline in production at the subject firm. (AR 14, 15, 389, 531)

Criterion I has been met because a significant number or proportion of workers at the subject firm were totally or partially separated during the relevant period. (AR 14 and 15)

Criterion II has been met because production of lever-action and bolt-action sporting rifles at the subject firm decreased absolutely during the relevant period. (AR 531, 1322–1348)

Criterion III has been met because imports of articles like or directly competitive with the lever-action and bolt-action sporting rifles produced by the subject firm increased during the relevant period and contributed importantly to worker separations, or threat of separations, and to the decline in the production at the subject facility. (AR 14, 15, 389, 531)

Conclusion

After careful review of the complete administrative record, including the additional facts obtained on remand investigation, I determine that workers and former workers of Marlin Firearms Company, Inc., a subsidiary of Remington Arms Company, including on-site leased workers from Randstat, Reitman, and Hamilton Connections, North Haven, Connecticut, who are engaged in employment related to the production of lever-action and bolt-action sporting rifles, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a).

In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

All workers of Marlin Firearms Company, Inc., a subsidiary of Remington Arms

Company, including on-site leased workers from Randstat, Reitman, and Hamilton Connections, North Haven, Connecticut, who became totally or partially separated from employment on or after April 1, 2009, through two years from the date of certification, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed at Washington, DC this 7th day of September, 2011.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.
