

makes the Brokerplex® order management and recordation system available to Institutional Brokers without charge.¹⁷ Brokerplex is used by Institutional Brokers to receive, transmit and hold orders from their clients while seeking execution within the CHX Matching System or elsewhere in the National Market System. Reports of orders, including the terms of any executions thereof, submitted via Brokerplex are kept by the system. The Exchange also provides operational and back office support services to Institutional Brokers using Brokerplex to handle orders and execute transactions on the Exchange. Finally, the Exchange expends a significant amount of its regulatory resources policing the activities of Institutional Brokers. The separate fee structure for orders submitted through Institutional Brokers helps offset these expenses. The Exchange also provides a credit in its Fee Schedule to Institutional Brokers in their monthly billings based upon a percentage of revenue generated to the Exchange as a result of transactions submitted by that Institutional Broker. This arrangement benefits the Exchange by incenting Institutional Brokers to register with the CHX under Article 17 and direct orders to the Exchange for execution.
