The *Report and Order* contains information collection requirements with respect to the following eight requirements, all of which aims to ensure the sustainability and integrity of the TRS program and the TRS Fund. Though the *Report and Order* emphasizes VRS, many of the requirements also apply to other or all forms of TRS—which includes the adoption of the interim rule, several new information collection requirements; and all the proposed information collection requirements, except the “*Transparency and the Disclosure of Provider Financial and Call Data*” requirement, as previously proposed and published at 75 FR 51735, August 23, 2010.

(a) *Provider Certification Under Penalty of Perjury.* The Chief Executive Officer (CEO), Chief Financial Officer (CFO), or other senior executive of a TRS provider shall certify, under penalty of perjury, that: (1) Minutes submitted to the Interstate TRS Fund (Fund) administrator for compensation were handled in compliance with section 225 of the Act and the Commission’s rules and orders, and are not the result of impermissible financial incentives, or payments or kickbacks, to generate calls, and (2) cost and demand data submitted to the Fund administrator related to the determination of compensation rates or methodologies are true and correct.

(b) *Requiring Providers to Submit Information about New and Existing Call Centers.* VRS providers shall submit a written statement to the Commission and the TRS Fund administrator containing the locations of all of their call centers that handle VRS calls, including call centers located outside the United States, twice a year, on April 1st and October 1st. In addition to the street address of each call center, the rules require that these statements contain (1) The number of individual CAs and CA managers employed at each call center; and (2) the name and contact information (phone number and e-mail address) for the managers at each call center. (2) VRS providers shall notify the Commission and the TRS Fund administrator in writing at least 30 days prior to any change to their call centers’ locations, including the opening, closing, or relocation of any center.

(c) *Data Filed with the Fund Administrator to Support Payment Claims.* VRS providers shall provide the following data associated with each VRS call for which a VRS provider seeks compensation in its filing with the Fund Administrator: (1) The call record ID sequence; (2) CA ID number; (3) session start and end times; (4) conversation start and end times; (5) incoming telephone number and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates with an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; (9) the call center (by assigned center ID number) that handles the call; and (10) the URL address through which the call was initiated.

(2) All VRS and IP Relay providers shall submit speed of answer compliance data to the Fund administrator

(d) *Automated Call Data Collection.* TRS providers shall use an automated record keeping system to capture the following data when seeking compensation from the Fund: (1) The call record ID sequence; (2) CA ID number; (3) session start and end times, at a minimum to the nearest second; (4) conversation start and end times, at a minimum to the nearest second; (5) incoming telephone number (if call originates with a telephone) and IP address (if call originates with an IP-based device) at the time of the call; (6) outbound telephone number and IP address (if call terminates to an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; and (9) the call center (by assigned center ID number) that handles the call.

Such contracts or agreements shall provide detailed information about the nature of the services to be provided by the subcontractor.

Providers that already disseminate their internal business policies to their employees in writing (e.g. in employee handbooks, policies and procedures manuals, or bulletin board postings—either online or in hard copy) must also explicitly include these TRS whistleblower protections in those written materials.

(h) *Required Submission for Waiver Request.* Potential VRS providers wishing to receive a temporary waiver of the provider’s eligibility rules, shall provide, in writing, a description of the specific requirement(s) for which it is seeking a waiver, along with documentation demonstrating the applicant’s plan and ability to come into compliance with all of these requirements (other than the certification requirement) within a specified period of time, which shall not exceed three months from the date on which the rules become effective.

Evidence of the applicant's plan and ability to come into compliance with the new rules shall include the applicant's detailed plan for modifying its business structure and operations in order to meet the new requirements, along with submission of the following relevant documentation to support the waiver request:

- A copy of each deed or lease for each call center operated by the applicant;

SUPPLEMENTARY INFORMATION:

Regulations Schedule for 2011

On April 8, 2011, we published in the **Federal Register** (76 FR 19876) a proposal to amend 50 CFR part 20. The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. Major steps in the 2011-12 regulatory cycle relating to open public meetings and **Federal Register** notifications were also identified in the April 8 proposed rule. Further, we explained that all sections of subsequent documents outlining hunting frameworks and guidelines were organized under numbered headings and that subsequent

documents would refer only to numbered items requiring attention.

On June 22, 2011, we published in the **Federal Register** (76 FR 36508) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations. The June 22 supplement also provided information on the 2011-12 regulatory schedule and announced the Service Regulations Committee (SRC) and summer (July) Flyway Council meetings.

On June 22 and 23, 2011, we held open meetings with the Flyway Council Consultants where the participants reviewed information on the current status of migratory shore and upland game birds and developed recommendations for the 2011-12 regulations for these species plus regulations for migratory game birds in Alaska, Puerto Rico, and the Virgin Islands; special September waterfowl seasons in designated States; special sea duck seasons in the Atlantic Flyway; and extended falconry seasons. In addition, we reviewed and discussed preliminary information on the status of waterfowl as it relates to the development and selection of the regulatory packages for the 2011-12 regular waterfowl seasons.

On July 26, 2011, we published in the **Federal Register** (76 FR 44730) a third document specifically dealing with the proposed frameworks for early-season regulations. On August 30, 2011, we published in the **Federal Register** (76 FR 54052) a final rule which contained final frameworks for early migratory bird hunting seasons from which wildlife conservation agency officials from the States, Puerto Rico, and the Virgin Islands selected early-season hunting dates, hours, areas, and limits. Subsequently, on September 1, 2011, we published a final rule in the **Federal Register** (76 FR 54658) amending subpart K of title 50 CFR part 20 to set hunting seasons, hours, areas, and limits for early seasons.

On July 27-28, 2011, we held open meetings with the Flyway Council Consultants at which the participants reviewed the status of waterfowl and developed recommendations for the 2011-12 regulations for these species. Proposed hunting regulations were discussed for late seasons. We published proposed frameworks for the 2011-12 late-season migratory bird hunting regulations in an August 26, 2011 **Federal Register** (76 FR 53536). We published final late-season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected late-season hunting dates,
