

incorporate the corrections in this document into the final rule or delaying the effective date would delay these corrections beyond the October 1 start of the fiscal year, and would be contrary to the public interest. Furthermore, such procedures would be unnecessary, as we are not altering the policies that were already subject to comment and finalized in our final rule.

Therefore, we believe we have good cause to waive the notice and comment and effective date requirements.

IV. Correction of Errors

Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities for FY 2012; Correction

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Final rule; correction.

SUMMARY: This document corrects technical errors in the final rule entitled “Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities for FY 2012” that appeared in the August 8, 2011 **Federal Register**.

DATES: *Effective Date:* This correction is effective October 1, 2011.

FOR FURTHER INFORMATION CONTACT: John Kane, (410) 786–0557.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2011–19544 of August 8, 2011 (76 FR 48486), there were three technical errors that are identified and corrected in the Correction of Errors section of this document. The

corrections in this correction document are effective as if they had been included in the August 8, 2011 **Federal Register** document. Accordingly, the corrections are effective October 1, 2011.

II. Summary of Errors

The Addendum to the Skilled Nursing Facility (SNF) Prospective Payment System (PPS) final rule (76 FR 48486, 48540) inadvertently included several technical errors in wage index values in Table A (“FY 2012 Wage Index for Urban Areas Based on CBSA Labor Market Areas”) and Table B (“FY 2012 Wage Index Based on CBSA Labor Market Areas for Rural Areas”). Tables A and B provide the urban and rural wage index values, respectively, that are used to calculate the labor-related portion of the FY 2012 payment rate for SNFs. We inadvertently omitted corrected wage and geographic classification data for two providers from the final FY 2012 wage index database that should have been included in the wage index calculation of the FY 2012 payment rates for SNFs. This resulted in incorrect wage index values being displayed in Table A for two CBSAs. Therefore, we are correcting the wage index values for those two CBSAs in Table A of the Addendum, in order to reflect the hospital wage index’s most current wage data. The first correction in Table A of the Addendum (76 FR 48546) involves the wage index for CBSA 20020 (Dothan, AL–Geneva County, AL–Henry County, AL–Houston County, AL), and reflects the receipt of revised wage data from an Alabama provider. The second correction in Table A of the Addendum (76 FR 48552) involves the wage index for CBSA 33740 (Monroe, LA–Ouachita Parish, LA–Union Parish, LA), and reflects a change in geographic classification for a Louisiana provider.

Finally, in Table B of the Addendum (76 FR 48561), we are correcting the wage index value for State Code 19 (Louisiana), in order to reflect the previously-cited change in geographic classification for a Louisiana provider. As these revisions involve only a limited number of individual entries in Tables A and B, we are not republishing these tables in their entirety in this document; however, we note that the corrected versions of both tables are available on the SNF PPS Web site, which can be accessed online at <http://www.cms.gov/SNFPSPS/>.

III. Waiver of Proposed Rulemaking and Delayed Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal**

Register to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if we find, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporate a statement of the finding and the reasons therefore in the document.

We also ordinarily provide a 30-day delay in the effective date of the provisions of a notice in accordance with section 553(d) of the APA (5 U.S.C. 553(d)). However, we can waive this delay if we find good cause and publish in the notice an explanation of our good cause.

We find for good cause that it is unnecessary to undertake notice and comment rulemaking because this document merely provides technical corrections to the FY 2012 SNF PPS final rule. We are not making substantive changes to our payment methodologies or policies, but rather, are simply implementing correctly the payment methodologies and policies that we previously proposed, received comment on, and subsequently finalized. This correction document is intended solely to ensure that the FY 2012 SNF PPS final rule accurately reflects these payment methodologies and policies. Therefore, we believe that undertaking further notice and comment rulemaking activity in connection with it would be unnecessary and contrary to the public interest.

Further, we believe a delayed effective date is unnecessary because this correction document merely corrects inadvertent technical errors. The changes noted above do not make any substantive changes to the SNF PPS payment methodologies or policies. Moreover, we regard imposing a delay in the effective date as being contrary to the public interest. We believe that it is in the public interest for providers to receive appropriate SNF PPS payments in as timely a manner as possible and to ensure that the FY 2012 SNF PPS final rule accurately reflects our payment methodologies, payment rates, and policies. Therefore, we find good cause to waive notice and comment procedures, as well as the 30-day delay in effective date.

IV. Correction of Errors

In FR Doc. 2011–19544 of August 8, 2011 (76 FR 48486), make the following corrections:

1. On page 48546, in Table A (“FY 2012 Wage Index for Urban Areas Based on CBSA Labor Market Areas”), in the

first set of columns, in the eighth row (CBSA 20020), third column, the wage index “0.7130” is corrected to read “0.7930”.

2. On page 48552, in Table A, in the second set of columns, in the fifth row (CBSA 33740), third column, the wage index “0.7915” is corrected to read “0.7964”.

3. On page 48561, in Table B (“FY 2012 Wage Index Based on CBSA Labor Market Areas for Rural Areas”), in the second set of columns, in the 19th row (State Code 19 (Louisiana)), third column, the wage index “0.7769” is corrected to read “0.7749”.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA–2011–0002; Internal Agency Docket No. FEMA–8199]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: Effective Dates: The effective date of each community’s scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or **FOR FURTHER INFORMATION, CONTACT** David Stearrett, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA’s initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for
