

DEPARTMENT OF STATE

[Public Notice 7612]

In the Matter of the Designation of Jurdan Martitegui Lizaso, Also Known as Jurdan Martitegui, Also Known as Arlas, as a Specially Designated Global Terrorist Pursuant to Section 1(b) of Executive Order 13224, as Amended

Acting under the authority of and in accordance with section 1(b) of Executive Order 13224 of September 23, 2001, as amended by Executive Order 13268 of July 2, 2002, and Executive Order 13284 of January 23, 2003, I hereby determine that the individual known as Jurdan Martitegui Lizaso, also known as Jurdan Martitegui, also known as Arlas, committed, or poses a significant risk of committing, acts of terrorism that threaten the security of U.S. nationals or the national security, foreign policy, or economy of the United States.

Consistent with the determination in section 10 of Executive Order 13224 that "prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously," I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the **Federal Register**.

Dated: September 20, 2011.

William J. Burns,*Deputy Secretary of State.*

BILLING CODE 4710-19-P**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****Office of Commercial Space Transportation (AST); Notice of Availability and Request for Comment on the Draft Environmental Assessment (EA) for Issuing an Experimental Permit to SpaceX for Operation of the Grasshopper Vehicle at the McGregor Test Site, Texas****AGENCY:** Federal Aviation Administration (FAA), Department of Transportation.**ACTION:** Notice of Availability, Notice of Public Comment Period, and Request for Comment.

SUMMARY: In accordance with the National Environmental Policy Act (NEPA) of 1969, 42 United States Code 4321-4347 (as amended), Council on Environmental Quality (CEQ) NEPA implementing regulations (40 Code of Federal Regulations [CFR] parts 1500-1508), and FAA Order 1050.1E, Change 1, the FAA is announcing the availability of and requesting comments on the Draft EA for Issuing an Experimental Permit to SpaceX for Operation of the Grasshopper Vehicle at the McGregor Test Site, Texas.

The Draft EA was prepared in response to an application for an experimental permit from Space Exploration Technologies Corporation (SpaceX). Under the Proposed Action, the FAA would issue an experimental permit to SpaceX to conduct suborbital launches and landings of the Grasshopper Reusable Launch Vehicle (RLV) from the McGregor test site in McGregor, TX. The Grasshopper RLV is a vertical takeoff and vertical landing vehicle. The McGregor test site is located within the city limits of the City of McGregor, TX in Coryell and McLennan Counties, approximately 20 miles southwest of Waco, TX. The Draft EA addresses the potential environmental impacts of implementing the Proposed Action and the No Action

Alternative of not issuing an experimental permit to SpaceX.

The FAA has posted the Draft EA on the FAA/AST Web site at http://www.faa.gov/about/office_org/headquarters_offices/ast/. In addition, copies of the Draft EA were sent to persons and institutions on the distribution list (see Chapter 8 of the Draft EA). A paper copy of the Draft EA may be reviewed for comment during regular business hours at the following location:

McGinley Memorial Library, 317 Main Street, McGregor, TX 76657.

DATES: Interested parties are invited to submit comments on environmental issues and concerns on or before October 26, 2011, or 30 days from the date of publication of this Notice of Availability, whichever is later.

ADDRESSES: Please submit comments in writing to Mr. Daniel Czelusniak, Environmental Program Lead, Office of Commercial Space Transportation, Federal Aviation Administration, 800 Independence Avenue, SW., Room 325, Washington, DC 20591; or by e-mail at Daniel.Czelusniak@faa.gov.

Additional Information: Under the Proposed Action, the FAA would issue an experimental permit to SpaceX, which would authorize SpaceX to conduct suborbital launches and landings of the Grasshopper RLV from the McGregor test site in McGregor, TX. SpaceX has determined that to support the Grasshopper RLV activities under the experimental permit, it would be necessary to construct a launch pad and additional support infrastructure (water lines). Therefore, the Proposed Action analyzed in the Draft EA includes the activities that would be authorized by the experimental permit (i.e., the operation of the launch vehicle) as well as the construction of the launch pad and installation of water lines. The experimental permit would be valid for one year and would authorize an unlimited number of launches. The FAA could renew the experimental permit if requested, in writing, by SpaceX at least 60 days before the permit expires. SpaceX anticipates that the Grasshopper RLV program would require up to 3 years to complete. Therefore, the Proposed Action considers one new permit and two potential permit renewals.

Although an experimental permit would authorize an unlimited number of launches, the FAA, in conjunction with SpaceX, developed a conservative set of assumptions regarding the possible number of launches that could be conducted under any one experimental permit for the Grasshopper RLV at the McGregor test

site. The FAA has assumed that SpaceX would conduct up to 70 annual suborbital launches of the Grasshopper RLV under an experimental permit at the McGregor test site. This estimation is a conservative number and considers potential multiple launches per day and potential launch failures.

The only alternative to the Proposed Action analyzed in the Draft EA is the No Action Alternative. Under the No Action Alternative, the FAA would not issue an experimental permit to SpaceX for operation of the Grasshopper RLV at the McGregor test site. Existing SpaceX activities would continue at the McGregor test site. Please refer to Section 2.2 of the Draft EA for a brief discussion of existing SpaceX activities.

The resource areas considered in the Draft EA include air quality; noise and compatible land use; land use (including U.S. Department of Transportation Section 4(f) Properties); biological resources (fish, wildlife, and plants); historical, architectural, archaeological, and cultural resources; hazardous materials, pollution prevention, and solid waste; light emissions and visual resources; natural resources and energy supply; water resources (surface waters and wetlands, groundwater, floodplains, and water quality); socioeconomic, environmental justice, and children's environmental health and safety; and secondary (induced) impacts. Potential cumulative impacts of the Proposed Action were also addressed in the Draft EA.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Czelusniak, Environmental Program Lead, Office of Commercial Space Transportation, Federal Aviation Administration, 800 Independence Avenue, SW., Room 325, Washington, DC 20591; telephone (202) 267-5924; e-mail: Daniel.Czelusniak@faa.gov.

Issued in Washington, DC, on September 20, 2011.

Glenn H. Rizner,

Deputy Manager, Space Transportation Development Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

Meeting of the Marine Transportation System National Advisory Council

AGENCY: Maritime Administration.

ACTION: Notice of Public Meeting.

SUMMARY: The Maritime Administration (MarAd) announces that the Marine Transportation System National

Advisory Council (MTSNAC) will hold a meeting on October 12-13, 2011 to assess its priorities for the coming year, and to discuss other issues of importance to the Marine Transportation System. During the two day meeting, a public comment period is scheduled for 1 p.m.-1:30 p.m. on Wednesday, October 12, 2011. Members of the public who would like to speak are asked to contact Richard J. Lolich by October 5, 2011. To provide time for as many people to speak as possible, speaking time for each individual will be limited to three minutes. We hope to be able to accommodate everyone who would like to speak at the meeting, but if there are more interested participants than time available, we will limit participants in order of date and time of registration. Commenters will be placed on the agenda in the order in which notifications are received. If time allows, time will be allotted to those attending the meeting to speak, even if they had not previously registered to speak. Copies of oral comments must be submitted in writing at the meeting. Additional written comments are welcome and must be filed with Richard Lolich by October 14, 2011. [See also **FOR FURTHER INFORMATION CONTACT**]

DATES: The meeting will be held on Wednesday, October 12, 2011, from 9 a.m. to 5 p.m. and Thursday, October 13, 2011, from 9 a.m. to 12 p.m.

ADDRESSES: The meeting will be held in the Media Center at the U.S. Department of Transportation Headquarters, 1200 New Jersey Ave., SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Richard Lolich, (202) 366-0704; Maritime Administration, MAR-540, Room W21-310, 1200 New Jersey Ave., SE., Washington, DC 20590-0001; richard.lolich@dot.gov.

Authority: 5 U.S.C. App 2, Sec. 9(a)(2); 41 CFR 101-6. 1005; DOT Order 1120.3B)

By Order of the Maritime Administrator.

Date: September 22, 2011.

Christine Gurland,

Acting Secretary, Maritime Administration.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2011-0157; Notice No. 11-6]

Clarification on the Division 1.1 Fireworks Approvals Policy

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Clarification.

SUMMARY: In this document, PHMSA is seeking comment on its intent to clarify its fireworks approvals policy whereby the Office of Hazardous Materials Safety (OHMS), Approvals and Permits Division will accept only those classification approval applications for Division 1.1 fireworks that have been examined and assigned a recommended shipping description, division and compatibility group by a DOT-approved explosives test laboratory, or that have been issued an approval for the explosive by the competent authority of a foreign government acknowledged by PHMSA's Associate Administrator. If the Associate Administrator finds the approval request meets the regulatory criteria, the new explosive will be approved in writing and assigned an EX number.

DATES: *Comments Due Date:* October 27, 2011.

ADDRESSES: You may submit comments by identification of the docket number (PHMSA-2011-0157 (Notice No. 11-6)) by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Fax:* 1-202-493-2251.

- *Mail:* Docket Operations, U.S. Department of Transportation, West Building, Ground Floor, Room W12-140, Routing Symbol M-30, 1200 New Jersey Avenue, SE., Washington, DC 20590.

- *Hand Delivery:* To Docket Operations, Room W12-140 on the ground floor of the West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the agency name and docket number for this notice at the beginning of the comment. All comments received will be posted without change to the Federal Docket Management System (FDMS), including any personal information.
