SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a revision and extension of a currently approved information collection (the National Marine Fisheries Service (NMFS) is now requiring a permit fee).

NMFS requires that owners of commercial fishing vessels in the bottomfish fishery in the Commonwealth of the Northern Mariana Islands (CNMI) obtain a federal

bottomfish permit. If their vessels are over 40 ft. (12.2 m) long, they must also mark their vessels in compliance with federal identification requirements and carry and maintain a satellite-based vessel monitoring system (VMS). This collection of information is needed for permit issuance, to identify actual or potential participants in the fishery, and aid in enforcement of regulations and area closures.

II. Method of Collection

Respondents have a choice of either electronic or paper forms. Methods of submittal include e-mail of electronic forms, and mail and facsimile transmission of paper forms. VMS data are collected electronically and automatically.

III. Data

OMB Control Number: 0648-0584.

Form Number: None.

Type of Review: Regular submission (revision and extension of a currently approved collection).

Affected Public: Not-for-profit institutions; state, local, or tribal government; business or other for-profit organizations.

Estimated Number of Respondents: 125 total; 6 medium-large vessels (over 40 ft).

Estimated Time per Response: Permit applications and renewals, 30 minutes; vessel identification, 45 minutes; initial VMS installation, 2 hours; VMS maintenance, 2 hours annually.

Estimated Total Annual Burden Hours: 84.

Estimated Total Annual Cost to Public: \$4,385.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 21, 2011.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit which first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Approximately 65 free Atlantic Shark Identification Workshops have been conducted since January 2007.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location which first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, trucks or other conveyances that are extensions of a dealer's place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate.
