

or issuance of the licenses and identification cards.

In compliance with GPEA, states will be permitted to submit the required information for their security plans, certification packages, and written exceptions processes electronically. States will be permitted to submit electronic signatures but must keep the original signature on file. Additionally, because they contain sensitive security information (SSI), the security plans must be handled and protected in accordance with 49 CFR Part 1520. 6 CFR 37.41(c). The final rule does not dictate how States must submit their employees' fingerprints to the FBI for background checks; however it is assumed States will do so via electronic means or another means determined by the FBI.

This is a revision to the original REAL ID information request that covered submissions of material compliance checklists and requests for extensions to meet the requirements of the regulation. This collection is being revised to cover the collection of information required under the regulation for full compliance, including recordkeeping requirements and employee background checks, and to include information to assist DHS in making full compliance determinations. States seeking certification of full compliance with the REAL ID Act must follow the certification requirements described in § 37.55 of the regulation and referenced in the response to question one of this supporting statement. There are no new or additional costs associated with this revised information collection. All costs were included in the REAL ID final rule that was published in January 2008. There has been an increase in annual burden hours associated with this collection. This increase in burden is a result of the collection of information required for full compliance. The number of respondents also has increased from 51 to 56, as the previously approved collection did not include the five U.S. Territories (Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa).

SUPPLEMENTARY INFORMATION: The Citizenship and Immigration Services (CIS) Ombudsman was created under section 452 of the Homeland Security Act of 2002 (Public Law 107-296) to: (1) Assist individuals and employers in resolving problems with the U.S. Citizenship and Immigration Services (USCIS); (2) to identify areas in which individuals and employers have problems in dealing with USCIS; and (3) to the extent possible, propose changes in the administrative practices of USCIS to mitigate problems. This form is used by an applicant who is experiencing problems with USCIS during the processing of an immigration benefit.

The information collected on this form will allow the CIS Ombudsman to identify the issue such as: (1) A case problem which is a request for information about a case that was filed with USCIS ("case problem"); or (2) the identification of a systemic issue that may or may not pertain to an individual case which the individual, attorney or employer is seeking to bring to the attention of the CIS Ombudsman ("trend"). For case problems, the CIS Ombudsman will refer case specific issues to the Customer Assistance Office for USCIS for further research, and review.

For trends received, the CIS Ombudsman notes the systemic issue identified in the correspondence which may or may not be incorporated into future recommendations submitted to the Director of USCIS pursuant to section 452(d)(4) of Public Law 107-296.

The use of this form provides the most efficient means for collecting and processing the required data. The CIS Ombudsman anticipates employing the

use of information technology in collecting and processing information by offering the option for electronic submission of the DHS Form 7001 in FY2012. The technology for electronic capture of this data is in the final phase of development with successful testing of a pilot version conducted in the 4th quarter of FY2010. We are requesting a two year approval for the form anticipating Government Paperwork Elimination Act compliance for electronic means for collections to be developed and deployed by FY2012. We plan to submit any required paperwork to amend this document for the electronic version of this form during FY2011. There has been no increase or decrease in the estimated annual burden hours previously reported for this information collection. There is no change in the information being collected, however there have been cosmetic changes to the form including punctuation and formatting. The title of the form has changed from "Case Problem Submission Worksheet (CIS Ombudsman Form DHS-7001)" to "Case Assistance Form (Form DHS-7001)". The name of the system has changed from "Virtual Ombudsman System" to "Online Ombudsman Form DHS-7001". The instructions have been updated to reflect the electronic submission options. Instructions for electronic submission will be posted on the CIS Ombudsman Web site at <http://www.dhs.gov/cisombudsman>.

The terms of clearance from the previously approved collection have been addressed by updates to the: (a) Privacy Impact Assessment for the Office of the Citizenship & Immigration Services Ombudsman (CISOMB) Virtual Ombudsman System (March 19, 2010); and the (b) Systems of Records Notice: 9110-9B Department of Homeland Security, Office of the Secretary [Docket No. DHS-2009-0146] Privacy Act of 1974; Department of Homeland Security Citizenship and Immigration Services Ombudsman—001 Virtual Ombudsman System (March 2010) to reflect the name change to Online Ombudsman Form DHS-7001 System of Records.
