SUPPLEMENTARY INFORMATION:

Title: Healthy Gardens, Healthy Youth.

OMB Number: 0584–New.

Form Number: Not Yet Assigned.

Expiration Date: Not Yet Determined.

Type of Request: New collection.

Abstract: The People’s Garden Initiative Evaluation of Healthy Gardens Healthy Youth Project is authorized under the Richard B. Russell National School Lunch Act (42 U.S.C. 1769(g)(3)) and section 14222(b) of the Food, Conservation, and Energy Act of 2008. The Healthy Gardens, Healthy Youth project, part of the USDA’s People’s Garden program, was funded by FNS in April, 2011. Prior research has suggested that school gardens may contribute to increased fruit and vegetable consumption among youth. This study will evaluate the impact of those gardens and examine how school gardens along with garden curricula to link classrooms to gardens will affect diet outcomes among youth in under-resourced communities. At all participating schools, at least 50% of children qualify for Free or Reduced Price Meals (FRPM). Up to seventy schools in four states (AK, IA, NY, WA) will be partners in this study and will be randomly assigned to one of two conditions: (1) A treatment group of no more than 34 schools will receive the garden intervention and curricula in year 1; and (2) a waitlist control group of approximately 34 schools will receive gardens near the end of the project.
