

of mining Plans within the Granite Creek Watershed Mining Plans analysis area. The responsible official will also decide whether or not to select the proposed action as stated or modified, or to select an alternative to it, any mitigation measures needed, and any monitoring that may be required.

Preliminary Issues

The interdisciplinary team has conducted field surveys and data research to identify preliminary issues of concern with this proposal. The primary concern is the potential for sediment or heavy metal discharges into streams from mining operations, potentially impacting water quality, fish and fish habitat (pools and temperature).

Within the Granite Creek Watershed, under section 303(d) of the Clean Water Act, the Oregon Department of Environmental Quality (DEQ) has listed Beaver Creek and Clear Creek as water quality limited for temperature, and Bull Run Creek and Granite Creek as water quality limited for temperature and sediment. Fish species listed as threatened under the Endangered Species Act occurring within the watershed include bull trout and middle Columbia River steelhead trout. Based on these preliminary issues and the level of activity proposed at some sites, there is the potential for significant impacts to some resources, therefore an EIS fits the scope of this analysis rather than an Environmental Assessment (EA).

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. Public participation is especially important at several points during the development of the EIS. The Forest Service is seeking information, comments, and coordination with Federal, State, and local agencies, and tribal governments, individuals or organizations who may be interested in or affected by the proposed action. The most useful comments to developing or refining the proposed action would be site-specific concerns and those that pertain to authorizing mining activities within the Granite Creek Watershed Mining Plans analysis area that meets the Purpose of and Need for Action.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly

articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action and will be available for public inspection.

Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21. Comments submitted anonymously will be accepted and considered, however those who only submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR part 215.

Dated: October 2, 2011.

Jeff Tomac,

Whitman District Ranger Wallowa-Whitman National Forest.

BILLING CODE 3410-11-P

BROADCASTING BOARD OF GOVERNORS

Government in the Sunshine Act Meeting Notice

DATE AND TIME: Thursday, October 13, 2011, 3 p.m.

PLACE: Cohen Building, Room 3321, 330 Independence Ave., SW., Washington, DC 20237.

SUBJECT: Notice of Meeting of the Broadcasting Board of Governors.

SUMMARY: The Broadcasting Board of Governors (BBG) will be meeting at the time and location listed above. The BBG will receive and consider recommendations regarding the conclusion of the year-long strategic review and the BBG committee membership. The BBG will also consider revising its BBG meeting schedule for the remaining calendar year. The BBG will receive reports from: the International Broadcasting Bureau Director, the Voice of America Director, the Office of Cuba Broadcasting Director, the Technology, Services and Innovation Director, the Office of New Media, and the Presidents of Radio Free Europe/Radio Liberty, Radio Free Asia, and the Middle East Broadcasting Networks. The meeting is open to public observation via streamed webcast, both live and on-demand, on the BBG's public Web site at <http://www.bbg.gov>.

CONTACT PERSON FOR MORE INFORMATION: Persons interested in obtaining more information should contact Paul Kollmer-Dorsey at (202) 203-4545.

Paul Kollmer-Dorsey,

Deputy General Counsel.

BILLING CODE 8610-01-P

DEPARTMENT OF COMMERCE

Bureau of the Census

[Docket No. 110921595-1594-01]

2011 Company Organization Survey

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: The Bureau of the Census (Census Bureau) is conducting the 2011 Company Organization Survey. The survey's data are needed, in part, to update the multilocation companies in the Business Register. The survey, which has been conducted annually since 1974, is designed to collect information on the number of employees, payroll, geographic location, current operational status, and kind of business for each establishment of companies with more than one location. We have determined that annual data collected from this survey are needed to aid the efficient performance of essential governmental functions, and that these data have significant application to the needs of the public and industry. The data derived from this survey are not available from any other source.

ADDRESSES: The Census Bureau will furnish report forms to organizations included in the survey, and additional copies are available by written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

FOR FURTHER INFORMATION CONTACT: Joy P. Pierson, Economic Planning and Coordination Division, U.S. Census Bureau, Room 8K319, Washington, DC 20233-6100 or by e-mail at joy.p.pierson@census.gov.

SUPPLEMENTARY INFORMATION: Sections 182, 195, 224, and 225 of Title 13, United States Code (U.S.C.), authorize the Census Bureau to undertake surveys necessary to furnish current data on the subjects covered by the major censuses. Years that end in 2 and 7 are considered "census years." In non-census years, companies report only on basic company affiliation and operations of establishments not within the scope of the economic censuses. In these non-census years, all multi-establishment companies with 250 or more employees report survey information. Also, groups of smaller companies that are divided into panels may be selected to report information for one of the non-census years. Smaller companies may be selected if an organizational change within the company is indicated, or if they have been selected through the probability sampling procedure. The
