(b) Drafting general provisions as appropriate, concerning the nutritional aspects of all foods;

(c) Developing standards, guidelines, or related texts for foods for special dietary uses, in cooperation with other committees where necessary; and

(d) Considering, amending if necessary, and endorsing provisions on nutritional aspects proposed for inclusion in Codex standards, guidelines, and related texts.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Project 25 Compliance Assessment Program Laboratory Application.

OMB Control Number: 0693-0053.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved information collection).

Burden Hours: 10.

Number of Respondents: 10.

Average Hours Per Response: 1.

Needs and Uses: The September 11, 2001 attacks and Hurricane Katrina made apparent the need for public safety radio systems to interoperate, regardless of who manufactured the equipment. In response, and per Congressional direction, Department of Homeland Security and NIST developed

the Project 25 (P25) CAP to improve public safety confidence in purchasing land mobile radio (LMR) equipment built to P25 LMR standards, especially those P25 standards related to improving interoperability between different manufacturer's radio systems. A key part of the program involves NIST (Office of Law Enforcement Standards-OLES) experts assessing participating laboratories to determine that they have the requisite technical competence and resources needed to test P25 equipment. To perform these assessments, and continue the program, NIST needs to be able to collect essential information from laboratories interested in participating in the P25 CAP program.

Affected Public: Business or other for-profit organizations; not-for-profit institutions; Federal government; and state, local, or tribal government.

Frequency: Annually.

Respondent's Obligation: Required to obtain or retain benefits.
