Abstract: This request is for renewal of OMB approval to collect data necessary for the *Charter Schools Program (CSP) Grant Award Database*. The CSP is authorized under Title V, Part B, Subpart 1, Sections 5201 through 5211 of the Elementary and Secondary Act (ESEA) of 1965, as amended by the No Child Left Behind Act of 2001. Under Title V, Part B, Section 5205 of the ESEA, the Secretary reserves CSP funds to carry out national activities to provide charter schools with information, to evaluate and study charter schools, and to provide other types of technical assistance. This data collection is coordinated with the ED*Facts* initiative to reduce respondent burden and fully utilize data submitted by States and available to the U.S. Department of Education (ED) through

the Education Data Exchange Network (EDEN). Under the current data collection, ED collects CSP grant award information from grantees (State agencies and some schools) for a database of current CSP-funded charter schools and award amounts; ED merges performance information extracted from the EDEN database with the database of CSP-funded charter schools. Together, these data allow ED to monitor CSP grant performance and analyze data related to accountability for academic performance, financial integrity, and program effectiveness.

City of Seattle; Notice of Authorization for Continued Project Operation

On September 29, 2009, the City of Seattle, licensee for the Boundary Hydroelectric Project, filed an Application for a New License pursuant to the Federal Power Act (FPA) and the Commission’s regulations thereunder. The Boundary Hydroelectric Project is located on the Pend Oreille River in Pend Oreille County, Washington.

The license for Project No. 2144 was issued for a period ending September 30, 2011. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project’s prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2144 is issued to the City of Seattle for a period effective October 1, 2011 through September 30, 2012, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before September
