

Title VII-covered employers. We expect that the foregoing assumptions are over-inclusive, because many employers have electronic job application processes that should be able to capture applicant flow data automatically.

While the burden hours and costs for the UGESP recordkeeping requirement seem very large, the average burden per employer is relatively small. We estimate that UGESP applies to 899,580 employers, approximately 822,000 of which are small firms (entities with 15–500 employees) according to data provided by the Small Business Administration Office of Advocacy.⁷ If we assume that a firm with 250 employees (in the mid-range of the 822,000 small employers) has 20 job openings per year and receives an average of 35 applications per job opening, the burden hours to collect and store applicants' sex and race/ethnicity data would be 5.8 hours per year, and the costs would be \$79.11 per year. Similarly, if we assume that an employer with 1,500 employees has 125

job openings to fill each year, and receives 35 applications per opening, the burden hours would be 36.5 hours per year and the annual costs would be \$498.23.

Javits Federal Building, in-person attendees must present valid government-issued picture identification to security personnel upon entering the building and go through an airport-type security check. Non-U.S. citizens are encouraged to participate in the audio conferencing due to the extra clearance involved with in-person attendance. To attend in person, a non-U.S. citizen will have to call or send an e-mail before October 25, 2011, to the contact person in this Notice, and provide passport information. If clearance is received, you will be notified; otherwise, you will not be able to attend the meeting in person.

Background: The Advisory Committee was established by Public Law 111-347 (The James Zadroga 9/11 Health and Compensation Act of 2010, Title XXXIII of the Public Health Service Act), enacted on January 2, 2011 and codified at 42 U.S.C. 300mm-300mm-61.

Purpose: The purpose of the Advisory Committee is to review scientific and medical evidence and to make recommendations to the World Trade Center (WTC) Program Administrator regarding additional WTC Health Program eligibility criteria and potential additions to the list of covered WTC-related health conditions.

Title XXXIII of the Public Health Service Act established within the

Department of Health and Human Services (HHS), the World Trade Center (WTC) Health Program, to be administered by the WTC Program Administrator. The WTC Health Program provides: (1) Medical monitoring and treatment benefits to eligible emergency responders and recovery and cleanup workers (including those who are Federal employees) who responded to the September 11, 2011, terrorist attacks, and (2) initial health evaluation, monitoring, and treatment benefits to residents and other building occupants and area workers in New York City, who were directly impacted and adversely affected by such attacks ("survivors").

Certain specific activities of the WTC Program Administrator are reserved to the Secretary, HHS, to delegate at her discretion; other WTC Program Administrator duties not explicitly reserved to the Secretary, HHS, are assigned to the Director, NIOSH. The administration of the Advisory Committee established under Section 300mm-1(a) is left to the Director of NIOSH in his role as WTC Program Administrator. CDC and NIOSH provide funding, staffing, and administrative support services for the Advisory Committee. The charter was issued on May 12, 2011, and will expire on May 12, 2013.

Matters to be Discussed: The agenda for the Advisory Committee meeting includes: WTC Health Program Overview; Panel Presentations from WTC Responders and Survivors; Presentations from WTC Health Program Medical Monitoring and Treatment Programs and Health Registry; and discussion regarding ways and means of accomplishing the committee's work.

The agenda is subject to change as priorities dictate.

In the event an individual cannot attend, written comments may be submitted. The comments should be limited to two pages and submitted to the contact person below by October 28, 2011. NIOSH will take reasonable steps to ensure that individuals making public comments are aware of the fact that their comments (including their name, if provided) will appear in a transcript of the meeting posted on a public Web site. Such reasonable steps include: (a) A statement read at the start of the meeting stating that transcripts will be posted and names of speakers will not be redacted; and (b) A printed copy of the statement mentioned in (a) above will be displayed on the table where individuals sign up to make public comments.
