

by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements in the Inorganic Arsenic Standard provide protection for workers from the adverse health effects associated with exposure to inorganic arsenic. The Inorganic Arsenic Standard requires employers to: monitor workers' exposure to inorganic arsenic; monitor worker health; develop and maintain worker exposure monitoring and medical records; establish and implement written compliance programs; and provide workers with information about their exposures and the health effects of exposure to inorganic arsenic.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

The Agency is requesting an adjustment in the number of burden hours from 385 to 637 due to an increase in the number of establishments from three to five. The cost burden also increased from \$31,165 to \$54,197 due primarily to the increase in the cost of medical examinations and chest x-rays from \$196 to \$210.

Type of Review: Extension of a currently approved collection.

Title: Inorganic Arsenic Standard (29 CFR 1910.1018).

OMB Number: 1218-0104.

Affected Public: Business or other for-profits.

Number of Respondents: 5.

Frequency: On occasion; quarterly; semi-annually; annually.

Total Responses: 1,936.

Average Time per Response: Varies from five minutes (.08 hour) for a secretary to prepare and post each notification to eight hours for a supervisor to update each compliance plan.

Estimated Total Burden Hours: 637.

Estimated Cost (Operation and Maintenance): \$54,197

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile; or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for this ICR (Docket No. OSHA-2011-0186). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is

necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. *Title and purpose of information collection:* Evidence for Application of Overall Minimum: OMB 3220-0083.

Under Section 3(f)(3) of the Railroad Retirement Act (RRA), the total monthly benefits payable to a railroad employee and his/her family are guaranteed to be no less than the amount which would be payable if the employee's railroad service had been covered by the Social Security Act. This is referred to as the Social Security Overall Minimum Guarantee, which is prescribed in 20 CFR part 229. To administer this provision, the Railroad Retirement Board (RRB) requires information about a retired employee's spouse and child(ren) who would not be eligible for benefits under the RRA but would be eligible for benefits under the Social Security Act if the employee's railroad service had been covered by that Act. The RRB obtains the required information by the use of Forms G-319, Statement Regarding Family and Earnings for Special Guaranty Computation, and G-320, Student Questionnaire for Special Guaranty Computation. One response is required of each respondent. Completion is required to obtain or retain benefits. The RRB proposes no changes to Form G-319 or Form G-320.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

[The estimated annual respondent burden is as follows]

Form No.	Annual responses	Time (Minutes)	Burden (Hours)
G-319 (completed by the employee):			
With assistance	5	26	2
Without assistance	330	55	302
G-319 (completed by spouse):			
With assistance	5	30	3
Without assistance	15	60	15
G-320:			
(Age 18 at Special Guaranty Begin Date or Special Guaranty Age 18 Attainments)	150	15	37
(Student Monitoring done in Sept, March and at end of school year)	50	15	12

2. *Title and purpose of information collection:* Request to Non-Railroad Employer for Information About

Annuitant's Work and Earnings; OMB 3220-0107.

Under Section 2 of the Railroad Retirement Act (RRA), a railroad

employee's retirement annuity or an annuity paid to the spouse of a railroad employee is subject to work deductions in the Tier II component of the annuity
