The State Department, is implementing a Risk Analysis and Management Program to vet potential contractors and grantees seeking funding from the Department of State to mitigate the risk that such funds might benefit terrorists or their supporters. To conduct this vetting program the Department envisions collecting information from contractors, sub-contractors, grantees and sub-grantees regarding their directors, officers or key employees. The information collected will be compared to information gathered from commercial, public, and U.S. government databases to determine the risk that the applying organization, entity or individual might use Department funds or programs to benefit terrorist entities. This program will initially be conducted as a pilot program as directed by Congress in the FY 2010 Department of State, Foreign Operations, and Related Programs Appropriations Act, as carried forward in the FY 2011 Full-Year Continuing Appropriations Act.

Methodology: We will collect this information either through mail, fax or electronic submission.

Dated: October 14, 2011.
