Certain Hot-Rolled Carbon Steel Flat Products From India: Amended Final Results of Countervailing Duty Administrative Review Pursuant to Court Decision

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 13, 2010, the United States Court of International Trade (CIT) sustained the Department of Commerce's (the Department's) redetermination pursuant to the CIT's remand in *United States Steel Corporation, et al. v. United States et al. and Essar Steel Limited v. United States*. See *United States Steel Corporation, et al. v. United States et al. and Essar Steel Limited v. United States et al.*, Slip Op. 10-104 (*Essar*); see also *Final Results of Redetermination Pursuant to Court Remand*, dated July 15, 2010 (found at <http://ia.ita.doc.gov/>

remands). On November 9, 2010, Essar Steel Limited (*Essar*) appealed the CIT's decision. See *United States Steel Corporation, et al. v. United States et al. and Essar Steel Limited v. United States et al.*, Consol. Court No. 08-0239 Appeal (November 9, 2010). On July 7, 2011, the United States Court of Appeals for the Federal Circuit (CAFC) sustained the Department's redetermination. See *United States Steel Corporation, et al. v. United States et al. and Essar Steel Limited v. United States et al.*, CAFC 11-1074 Affirmed, Rule 36 (July 7, 2011).

The Department is amending the final results of the administrative review of the countervailing duty order on certain hot-rolled carbon steel flat products (HRCS) from India covering the January 1, 2006, through December 31, 2006, period of review (2006 POR) with respect to *Essar*, to reflect the CIT's decision in *Essar*. See *Certain Hot-Rolled Carbon Steel Flat Products from India: Final Results of Countervailing Duty Administrative Review*, 73 FR 40295 (July 14, 2008) (*Final Results*), and accompanying Issues and Decision Memorandum (I&D Memorandum).

DATES: *Effective Date:* October 21, 2011.

FOR FURTHER INFORMATION CONTACT:

Gayle Longest, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3338.

Background

On July 14, 2008, the Department published its final results in the countervailing duty administrative review of HRCS from India covering the 2006 POR. See *Final Results*. Following publication of the *Final Results*, respondent *Essar*, filed a lawsuit with the CIT challenging the Department's *Final Results*. See *Essar*. At issue in the litigation was the Department's calculation of the government price for iron ore lumps and fines as well as *Essar's* purchases of lumps and fines with respect to the program "Sale of High-Grade Iron Ore for less Than Adequate Remuneration." See *Final Results*, and accompanying I&D Memorandum at "Sale of High-Grade Iron Ore for Less Than Adequate Remuneration" section and Comment 4.

After a court ordered remand, the Department issued its final results of redetermination on July 15, 2010. See *Final Results of Redetermination Pursuant to Court Remand*, dated July 15, 2010 (found at <http://ia.ita.doc.gov/> *remands*); and *Essar*. In its remand

redetermination, the Department made redeterminations with respect to the calculation of the government price for iron ore lumps and fines as well as *Essar's* purchase of iron ore lumps and high-grade iron ore fines from the National Mineral Development Corporation (NMDC). Specifically, we adjusted our iron ore calculations to measure the adequacy of remuneration of sales of lumps and fines by the Government of India (GOI) to *Essar* to include the Central Sales Tax for *Essar's* purchase of iron ore lumps and high-grade iron ore fines from the NMDC and to include import duties payable on iron ore with regard to the corresponding benchmark prices. Then, we corrected the government price for iron ore lumps and fines to address erroneous freight calculations for *Essar's* purchases of iron ore from NMDC. Lastly, for fines purchases from NMDC made on or after the date the slurry pipeline became operational, we replaced the per metric ton (MT) rail cost with the per MT slurry transportation costs. See *Certain Hot-Rolled Carbon Steel Flat Products From India: Notice of Court Decision Not in Harmony with Final Results of Administrative Review*, 75 FR 59689 (September 28, 2010). The Department's redetermination resulted in changes to the *Final Results* for *Essar's* net subsidy rate concerning the sale of iron ore for less than adequate remuneration program from 13.21 percent to 19.35 percent. Therefore, *Essar's* total net countervailable subsidy rate from the *Final Results*, 17.50 percent, increased by 6.14 percentage points, to a total net countervailable subsidy rate of 23.64 percent. *Id.*

Amended Final Results

Because there is now a final court decision, the total net countervailable subsidy for *Essar* for the period January 1, 2006, through December 31, 2006, is 23.64 percent. Because the cash deposit rate of 22.19 percent, which was determined for *Essar* in the amended final results of the administrative review covering the period January 1, 2007, through December 31, 2007 (2007 POR) supersedes the cash deposit rate for the 2006 POR, there is no change in *Essar's* cash deposit rate. See *Certain Hot-Rolled Carbon Steel Flat Products From India: Notice of Court Decision not in Harmony with Final Results of Administrative Review and Notice of Amended final Results of Administrative Review Pursuant to Court Decision*, 76 FR 7820 (February 11, 2011). The Department will instruct U.S. Customs and Border Protection (CBP) to continue to collect cash
