Prize: One winning Student Team will be selected for each of the three challenge categories. The winning Student Team in each category will be awarded a \$10,000 prize, to be distributed among the members of the Student Team.

Winning Student Teams will be honored at the NIBIB DEBUT Award Ceremony during the 2012 Conference of the Biomedical Engineering Society (BMES) in Atlanta, Georgia, in October 2012. Each winning Student Team will receive, in addition to the prize, up to \$2,000 toward the travel and registration costs for the members of the Student Team to attend the award ceremony. Winners will need to provide receipts to document travel expenses for reimbursement purposes in accordance

with NIH policy and applicable laws and regulations (<http://oma.od.nih.gov/manualchapters/management/1500/>), for example:

- Air travel must be by coach class, unless an alternative is medically necessary and documented.
- If you choose to drive to the meeting instead of taking a common carrier (airplane, train, or bus), you may be reimbursed at 51 cents per mile, not to exceed the cost of common carrier.
- Limousine/taxi reimbursements are provided to and from airports as well as to and from meetings. Receipts are required whenever a fare exceeds \$75 per trip.
- Per diem rates include lodging and meals and incidental expenses (M&IE). Reimbursement for these varies by city. The first meeting of BMES at which the award ceremony will be held will be in October 2012 in Atlanta.

The current allowable room rate is \$132 and the M&IE is \$56. For future years, the lodging and M&IE for the host city will be posted on the NIBIB Web site.

Reimbursement rates are subject to change. Updates will be posted on the NIBIB Web site at <http://www.nibib.nih.gov/Training/UndergradGrad/DEBUT>.

Basis Upon Which Winner Will Be Selected:

The winning entry in each category of the challenge will be selected based on the following criteria:

- Significance of the problem addressed—Does the entry address an important problem or a critical barrier to progress in clinical care or research?
- Impact on potential users and clinical care—How likely is it that the entry will exert a sustained, powerful influence on the problem and medical field addressed?
- Innovative design (creativity and originality of concept)—Does the entry utilize novel theoretical concepts, approaches or methodologies, or instrumentation?
- Working prototype that implements the design concept and produces targeted results—Has evidence been provided (in the form of results, graphs, photographs, films, etc.) that a working prototype has been achieved?

The above four criteria will be weighed equally and will apply to all challenge categories.

Additional Information: For more information and to submit entries, visit <http://www.debut.challenge.gov/>.

The NIBIB prize-approving official will be Roderic Pettigrew, PhD, M.D., Director, NIBIB. Prizes will be paid

using electronic funds transfer and may be subject to Federal income taxes. NIH will comply with the Internal Revenue Service (IRS) withholding and reporting requirements, where applicable.
