

public comments concerning the Final EIS ended on October 11, 2011, during which time comment letters and similar forms of communication were received by the BOP. Comments received by the BOP concerning the Final EIS were similar to those comments received by the BOP concerning the Draft EIS and all such comments were considered in the decision presented in the ROD.

BOP provided written notices of the availability of the Draft EIS and Final EIS in the **Federal Register**, three newspapers with local and regional circulations, and through three local public libraries. The BOP also distributed approximately 170 copies (each) of the Draft EIS and Final EIS to Federal agencies, state and local governments, elected officials, interested organizations and individuals.

The BOP evaluated alternatives as part of the EIS including the No Action Alternative; implementation of the proposed action in Hinton, Oklahoma involving use of the Great Plains Correctional Facility; in McRae, Georgia involving use of the existing or an expanded McRae Correctional Center; and implementation of the proposed action in Scott County, Mississippi involving development of a new contractor-owned and operated correctional facility to house the Federal inmate population. Each of the alternatives in Hinton, Oklahoma; McRae, Georgia; and Scott County, Mississippi were examined in detail in the Draft and Final EISs with contract award to the McRae Correctional Center in McRae, Georgia considered to be the Preferred Alternative.
