Name of Committee: Homeland Security Information Network Advisory Committee (HSINAC)

SUPPLEMENTARY INFORMATION: For the reasons set forth below, the Secretary of Homeland Security has determined that the renewal of the HSINAC is necessary and in the public interest. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

The HSINAC is being renewed in accordance with the provisions of the Federal Advisory Committee Act (FACA) 5 U.S.C. App. This Committee advises and makes recommendations to the Secretary of Homeland Security on matters relating to the Homeland Security Information Network (HSIN), including system requirements, operating policies, community organization, knowledge management, interoperability, federation with other systems, and any other aspect of HSIN that supports the operations of DHS and its federal, state, territorial, local, tribal, international and private sector mission partners. The committee will meet approximately three times each year, usually in the Washington, DC metropolitan area, but may meet more often as the need arises.

Balanced Membership Plans: The HSINAC will be composed of individual members possessing expertise, knowledge, and experience regarding the business processes and information sharing needs of one or more of the homeland security mission areas. Members shall be appointed based on their expertise in professions and disciplines engaged in homeland security operations and in support of homeland security mission requirements.

Because a balance of perspectives is essential to ensure that the HSINAC truly represents the broad spectrum of HSIN users, HSINAC membership shall expressly include individuals from federal, state, local, tribal, and territorial governments and the private sector, including:

1. Three members drawn from currently serving state, tribal, or local law enforcement;
2. One member drawn from currently serving federal law enforcement;
