Federal Energy Regulatory Commission

[Docket No. RM98-1-000]

Records Governing Off-the Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the

communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable

proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC, Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Federal Energy Regulatory Commission

Notice of FERC Staff Attendance at the Entergy Regional State Committee Work Group and Stakeholder Meeting

The Federal Energy Regulatory Commission hereby gives notice that members of its staff may attend the meeting noted below. Their attendance

is part of the Commission's ongoing outreach efforts.

Entergy Regional State Committee Meeting

November 2, 2011 (1 p.m.-5 p.m.)
 November 3, 2011 (8 a.m.-12 p.m.)
 This meeting will be held at the New Orleans Marriott, 555 Canal Street, New Orleans, LA 70130. The hotel phone number is (504) 581-1000.

The discussions may address matters at issue in the following proceedings:

Docket No. OA07-32	Entergy Services, Inc.
Docket No. EL00-66	<i>Louisiana Public Service Commission v. Entergy Services, Inc.</i>
Docket No. EL01-88	<i>Louisiana Public Service Commission v. Entergy Services, Inc.</i>

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9485-8]

Proposed Settlement Agreement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by the Engine Manufacturers Association, in the United States Court of Appeals for the District of Columbia Circuit: *Engine Manufacturers Association v. EPA*, No. 10-1331 (DC Cir.). Petitioners filed a petition for review of an EPA rule that revised the National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engines (the RICE NESHAP). Under the terms of the proposed settlement agreement, EPA anticipates that, by June 15, 2012, the Agency will sign a notice of proposed rulemaking that includes a proposal to revise the RICE NESHAP to allow owners and operators of spark-

ignition 4-stroke rich burn engines that meet an emission standard requiring a 76 percent or greater reduction of the pollutant formaldehyde, to prove compliance with the standard based on approved testing that shows at least a thirty percent reduction in total hydrocarbons and that, by March 14, 2013, the Administrator of EPA will sign a final action on this proposal, which may include signature of a final rule by the Administrator. If EPA promulgates in final form an amendment to the RICE NESHAP that includes changes that are substantially the same substance as that set forth in the settlement agreement, then EMA shall promptly file a stipulation of dismissal of No. 10-1331.

DATES: Written comments on the proposed settlement agreement must be received by December 2, 2011.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2011-0869, online at www.regulations.gov (EPA's preferred method); by email to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: Michael Horowitz, Air and Radiation Law Office (2344A), Office of General

Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone: (202) 564-5583; fax number (202) 564-5603; email address: horowitz.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement Agreement

This proposed settlement agreement would potentially resolve a petition for judicial review filed by Engine Manufacturers Association (EMA) for review of a rule promulgating standards that revised the National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engines (the RICE NESHAP), 75 FR 51570 (August 20, 2010). The RICE NESHAP requires certain subcategories of four-stroke rich burn spark-ignition RICE to meet an emission standard requiring a 76 percent or greater reduction of the pollutant formaldehyde.

EMA filed a petition for review regarding these provisions. Discussions with EMA indicate that compliance with the standard can be proven based on approved testing that shows at least a thirty percent reduction in total hydrocarbons.

Under the terms of the proposed settlement agreement, EPA states that it anticipates that, by June 15, 2012, it will sign a notice of proposed rulemaking that includes a proposal to revise these provisions to allow owners and operators of spark-ignition four-stroke rich burn engines that meet an emission standard requiring a 76 percent or greater reduction of the pollutant formaldehyde, to prove compliance with the standard based on approved testing that shows at least a thirty percent reduction in total hydrocarbons.
