

the proposed withdrawals. In addition, lists of HPSAs are continuously available on the HRSA Web site, <http://bhpr.hrsa.gov/shortage/index.html>, so that interested parties can access the most accurate and timely information.

Publication and Format of Lists

Due to the volume of designations, this notice informs the public of the availability on the HRSA Web site of the published lists of designated shortage areas. The three lists of designated HPSAs are available at a link on the Office of Shortage Designation Web site at <http://bhpr.hrsa.gov/shortage/index.html>. Each list (primary medical care, mental health, and dental) includes all those geographic areas, population groups, and facilities that were designated HPSAs as of September 1, 2011. This notice incorporates the most recent annual reviews of designated HPSAs and supersedes the HPSA lists published in the **Federal Register** on February 20, 2002 (67 FR 7740). The lists include those automatic facility HPSAs that have been entered into the HPSA data base. Automatic facility HPSAs, designated as a result of the Health Care Safety Net Amendments of 2002 (Pub. L. 107–251), are not subject to the updating requirements. The lists are constantly changing based on the identification of new sites that meet the eligibility criteria or current sites that lose their eligibility and need to be removed. Each list of designated HPSAs (primary medical care, mental health, and dental) is arranged by state. Within each state, the list is presented by county. If only a portion (or portions) of a county is (are) designated, or if the county is part of a larger designated service area, or if a population group residing in the county or a facility located in the county has been designated, the name of the service area, population group, or facility involved is listed under the county name. Counties that have a whole county geographic HPSA are indicated by the “Entire county HPSA” notation following the county name. Further details for the HPSAs listed can be found on the HRSA Web site: <http://bhpr.hrsa.gov/shortage/index.html>.

In addition to the specific listings included in this notice, all Indian Tribes that meet the definition of such Tribes in the Indian Health Care Improvement Act of 1976, 25 U.S.C. 1603(d), are automatically designated as population groups with primary medical care and dental health professional shortages. The Health Care Safety Net Amendments of 2002 also made the following entities eligible for automatic

facility HPSA designations: all federally qualified health centers (FQHCs) and rural health clinics that offer services regardless of ability to pay. These entities include: FQHCs funded under section 330 of the PHS Act, FQHC Look-Alikes, and Tribal and urban Indian clinics operating under the Indian Self-Determination and Education Act of 1975 (25 U.S.C. 450) or the Indian Health Care Improvement Act. Many, but not all, of these entities are included on this listing. Exclusion from this list does not exclude them from the list of HPSAs; all will be included in the data base as they are identified.

Future Updates of Lists of Designated HPSAs

The lists of HPSAs below consist of all those that were designated as of September 1, 2011. It should be noted that additional HPSAs may have been designated by letter since that date. The appropriate agencies and individuals have been or will be notified of these actions by letter. These newly designated HPSAs will be included in the next publication of the HPSA list.

Any designated HPSA listed on the HRSA Web site below is subject to withdrawal from designation if new information received and confirmed by HRSA indicates that the relevant data for the area involved have significantly changed since its designation. The effective date of the withdrawal will be the next publication of a notice regarding this list in the **Federal Register**.

All requests for new designations, updates, or withdrawals should be based on the relevant criteria in regulations published at 42 CFR part 5.

Electronic Access Address

The complete lists of HPSAs designated as of September 1, 2011, are available on the HRSA Web site at <http://bhpr.hrsa.gov/shortage/index.html>. Frequently updated information on HPSAs is also available at <http://datawarehouse.hrsa.gov>.
