RIN 1400-AC97

Amendment to the International Traffic in Arms Regulations: Libya and UNSCR 2009

AGENCY: Department of State.

ACTION: Final rule.

SUMMARY: The Department of State is amending the International Traffic in Arms Regulations (ITAR) to update the policy regarding Libya to reflect the additional modifications to the United Nations Security Council arms embargo of Libya adopted in September 2011.

DATES: *Effective Date:* This rule is effective November 4, 2011.

FOR FURTHER INFORMATION CONTACT:

Charles B. Shotwell, Director, Office of Defense Trade Controls Policy, Department of State, by *telephone:* (202) 663-2792; *fax:* (202) 261-8199; or *email:* DDTCResponseTeam@state.gov. ATTN: Part 126, Libya.

SUPPLEMENTARY INFORMATION: On September 16, 2011, the United Nations Security Council adopted resolution 2009, which modifies the arms embargo against Libya put in place by the adoption in February and March of resolutions 1970 and 1973, respectively.

Resolutions 1970 and 1973, and the May 2011 ITAR Amendment Regarding Libya

On February 26, 2011, the United Nations Security Council adopted Resolution 1970, paragraph 9 of which provides that UN member states shall immediately take the necessary measures to prevent the sale, supply, or transfer of arms and related materiel of all types to the Libyan Arab Jamahiriya, with certain exceptions. On March 17, 2011, the UN Security Council adopted Resolution 1973, paragraph 4 of which authorizes member states to take all necessary measures, notwithstanding the arms embargo established by paragraph 9 of Resolution 1970, to protect civilians and civilian populated areas under threat of attack in Libya. On May 24, 2011, the Department amended the ITAR to implement the Security Council's actions by adding Libya to § 126.1(c), which identifies countries subject to UN Security Council arms embargoes. See 76 FR 30001. The Department also revised the previous policy on Libya contained in § 126.1(k) to announce a policy of denial for all requests for licenses or other approvals to export or otherwise transfer defense

articles and services to Libya, except where not prohibited under UNSC embargo and determined to be in the interests of the national security and foreign policy of the United States.

Resolution 2009

To the existing exceptions to the arms embargo, delineated in resolutions 1970 and 1973, resolution 2009 adds the supply, sale, or transfer to Libya of arms and related materiel, including technical assistance, intended solely for security or disarmament assistance to the Libyan authorities, and small arms, light weapons, and related materiel for the sole use of UN personnel, representatives of the media, and humanitarian and development workers and associated personnel. License applications submitted pursuant to these exceptions are notified in advance to the Committee of the Security Council concerning Libya, and are eligible for approval in the absence of a negative decision by the Committee within five working days of such a notification.

Accordingly, the ITAR is amended to reflect these exceptions.

Regulatory Analysis and Notices

Administrative Procedure Act

The Department of State is of the opinion that controlling the import and export of defense articles and services is a foreign affairs function of the United States Government and that rules implementing this function are exempt from § 553 (Rulemaking) and § 554 (Adjudications) of the Administrative Procedure Act. Since this rule is exempt from 5 U.S.C. 553, it is the view of the Department of State that the provisions of § 553(d) do not apply to this rulemaking. Therefore, this rule is effective upon publication. The Department also finds that, given the national security issues surrounding U.S. policy towards Libya, that notice and public procedure on this rule would be impracticable, unnecessary, or contrary to the public interest. See 5 U.S.C. 808(2).

Regulatory Flexibility Act

Since this amendment is not subject to the notice-and-comment procedures of 5 U.S.C. 553, it does not require analysis under the Regulatory Flexibility Act.

Unfunded Mandates Reform Act of 1995

This amendment does not involve a mandate that will result in the expenditure by State, local, and Tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly

or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Executive Order 13175

The Department has determined that this rule will not have Tribal implications, will not impose substantial direct compliance costs on Indian Tribal governments, and will not pre-empt Tribal law. Accordingly, the requirements of Section 5 of Executive Order 13175 do not apply to this rule.

Small Business Regulatory Enforcement Fairness Act of 1996

This amendment has been found not to be a major rule within the meaning of the Small Business Regulatory Enforcement Fairness Act of 1996.

Executive Orders 12372 and 13132

This amendment will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, it is determined that this amendment does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this amendment.

Executive Orders 12866

The Department of State does not consider this rule to be a "significant regulatory action" under Executive Order 12866, section 3(f), Regulatory Planning and Review. The Department is of the opinion that controlling the import and export of defense articles and services is a foreign affairs function of the United States Government and that rules governing the conduct of this function are exempt from the requirements of Executive Order 12866.

Executive Order 13563

The Department of State has considered this rule in light of Executive Order 13563, dated January 18, 2011, and affirms that this regulation is consistent with the guidance therein.

Executive Order 12988

The Department of State has reviewed the amendment in light of sections 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize

litigation, establish clear legal standards, and reduce burden.

Paperwork Reduction Act

This rule does not impose any new reporting or recordkeeping requirements subject to the Paperwork Reduction Act, 44 U.S.C. chapter 35.
