

Wyoming. The EIS evaluates eight alternatives, and identifies the Preferred Alternative as Alternative 8, a one-year plan to allow oversnow vehicle use in the park for the winter of 2011/2012, at the same levels (up to 318 commercially guided, best available technology snowmobiles and 78 commercially guided snowcoaches per day) that were allowed under the interim regulation in place for the winters of 2009/2010 and 2010/2011. NPS intends to supplement this EIS next year, in order to make a long-term decision prior to the 2012/2013 winter season.

**DATES:** The National Park Service will execute a Record of Decision no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

**ADDRESSES:** Information will be available for public inspection online at <http://parkplanning.nps.gov/YELL> (click on the link to the Winter Use Plan), and in the office of Superintendent Dan Wenk, Yellowstone National Park, P.O. Box 168, Yellowstone National Park, Wyoming 82190.

**FOR FURTHER INFORMATION CONTACT:** Wade Vagias, P.O. Box 168, Yellowstone National Park, WY 82190, (307) 344-2035, [yell\\_winter\\_use@nps.gov](mailto:yell_winter_use@nps.gov).

**SUPPLEMENTARY INFORMATION:** Eight alternatives were considered in the EIS. For alternatives 1-7 the analysis is for a presumed implementation period of 20 years. For Alternative 8 the analysis is for an implementation period of one year.

Alternative 1 is the no-action alternative. Alternative 1 would not permit public motorized vehicle use, including oversnow vehicle (OSV) use, in Yellowstone but would allow for approved non-motorized use to continue. Alternative 1 has been identified as the Environmentally Preferable Alternative. Alternative 2 would continue OSV use at the same levels as the 2009 interim rule (318 snowmobiles and 78 snowcoaches per day) for the long term. Alternative 3 would allow for snowmobile and snowcoach use levels to increase to the levels set forth in the 2004 plan (720 snowmobiles and 78 snowcoaches per day). Alternative 4 would allow for commercially guided wheeled vehicles, in addition to OSVs (100 commercially guided wheeled vehicles, 110 snowmobiles, and 30 snowcoaches per day). Alternative 5 would initially allow for the same level of use as Alternative 2 (318 snowmobiles and 78 snowcoaches per day), but would provide for a transition to snowcoaches only, if user demand is present to

support such a transition, or at the discretion of the Superintendent. Upon complete transition, there could be zero snowmobiles and up to 120 snowcoaches per day. Alternative 6 would provide for use levels that vary each day, with a seasonal limit of up to 32,000 snowmobiles and 4,600 snowcoaches, and a daily limit of up to 540 snowmobiles and 78 snowcoaches. Up to 25 percent of snowmobile permits under Alternative 6 would be for unguided or non-commercially guided use. Alternative 7 would provide a variety of use levels and experiences for visitors. Four different use levels for snowmobiles and snowcoaches would be implemented, the combination of which could vary by day. Snowmobile use would range from 110 to 330 vehicles per day and snowcoach use would range from 30 to 80 vehicles per day.

The Preferred Alternative is Alternative 8. A portion of the prior preferred alternative in the Draft EIS (DEIS) consisted of a "transition year"; that portion has now been converted into a new separate Alternative 8. Under this alternative up to 318 commercially guided, best available technology snowmobiles and 78 commercially guided snowcoaches would be allowed in the park per day, and a variety of non-motorized uses would also be allowed. These conditions would be in effect only for the 2011/2012 winter season. NPS will then supplement the EIS next year and issue a new decision and long-term rule for winter use in time for the 2012/2013 season.

NPS had intended to issue a final EIS and final long-term regulation for Yellowstone winter use by December 2011. However, some of the more than 59,000 public comments received on the Draft EIS (DEIS) have raised additional questions as to long-term effects and options. In order to make a reasoned, sustainable long-term decision, NPS requires additional time to update its analyses and make that long-term decision. NPS has previously stated its intent to implement a "transition year" under the same requirements and restrictions as the 2009 interim regulation. Current information and analyses in this EIS are sufficient to support such use for another year. Selecting Alternative 8, the new Preferred Alternative, would provide the additional time needed to complete the analyses of long-term alternatives. NPS would issue a Record of Decision selecting Alternative 8, and following that, would issue a final rule, effective for one year, to implement the decision. A separate Notice of Intent to Prepare a

Supplemental EIS would be published in the **Federal Register**.

More information regarding Yellowstone in the winter, including educational materials and a detailed history of winter use in Yellowstone, is available at <http://www.nps.gov/yell/planvisit/winteruse/index.htm>.

Dated: October 14, 2011.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-650]

### Advisory Opinion Proceeding; Certain Coaxial Cable Connectors and Components Thereof and Products Containing Same; Determination To Institute an Advisory Opinion Proceeding

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to institute an advisory opinion proceeding in the above-captioned investigation.

**FOR FURTHER INFORMATION CONTACT:** Amanda S. Pitcher, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on May 30, 2008, based on a complaint filed by John Mezzalingua Associates, Inc., d/b/a PPC, Inc. of East Syracuse, New York ("PPC"). 73 FR 31145 (May 30, 2008). The complaint alleged

violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain coaxial cable connectors and components thereof and products containing the same by reason of infringement of various patents, including U.S. Patent No. 6,558,194 (“the ’194 patent”). The complaint named eight respondents. After institution, two respondents were terminated based on consent orders and four respondents were found to be in default (“defaulting respondents”). Two respondents, Fu-Ching Technical Industry, Co., Ltd., and Gem Electronics, Inc., remained active.

On October 13, 2009, the Administrative Law Judge (“ALJ”) issued his final initial determination (“ID”) and recommended determination on remedy and bonding. The ALJ found a violation of section 337 by the defaulting respondents in connection with the ’194 patent. On December 14, 2009, the Commission determined to review the final ID in part, but the Commission did not review the ALJ’s determination with respect to the ’194 patent. On March 31, 2010, the Commission issued a General Exclusion Order with respect to the ’194 patent. The Commission issued a general exclusion order with respect to U.S. Patent No. 5,470,257 on September 13, 2011 following remand from the U.S. Court of Appeals for the Federal Circuit. *John Mezzalingua Assoc. v. Int’l Trade Comm.*, 2011 U.S. App. Lexis 8806 (Fed. Cir. April 28, 2011).

On September 12, 2011, non-respondent, Holland Electronics, LLC (“Holland”) of Ventura, California filed a request for an advisory opinion under Commission Rule 210.79 (19 CFR 210.79) that would declare that its coaxial cable connectors, utilizing an axial but not radial compression for deformation (“axial connectors”), are outside of the scope of the Commission’s March 31, 2010 General Exclusion Order. Holland further requested that the Commission conduct all proceedings related to the advisory opinion in an expedited manner and indicated that referral to the ALJ is unnecessary.

The Commission has examined Holland’s request for an advisory opinion and has determined that it complies with the requirements for institution of an advisory opinion proceeding under Commission Rule 210.79(a). Accordingly, the Commission has determined to institute an advisory opinion proceeding. The Commission directs complainant PPC and the

Commission investigative attorney to state their views regarding whether they oppose Holland’s request for an advisory opinion that its axial connectors are not covered by the March 31, 2010 General Exclusion Order, and if so, whether they believe the matter should be referred to the ALJ.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.79(a) of the Commission’s Rules of Practice and Procedure (19 CFR 210.79(a)).

By order of the Commission.

**James R. Holbein,**

*Secretary to the Commission.*

## DEPARTMENT OF JUSTICE

### Membership of the Senior Executive Service Standing Performance Review Boards

**AGENCY:** Department of Justice.

**ACTION:** Notice; correction.

**SUMMARY:** The Department of Justice published a document in the **Federal Register** of September 13, 2011, concerning the Department of Justice’s standing members of the Senior Executive Service Performance Review Boards. The names and position titles of two executives were inadvertently omitted from the document.

**FOR FURTHER INFORMATION CONTACT:** Lisa Schwartz, Assistant Director, Executive and Political Personnel, Justice Management Division, Department of Justice, Washington, DC 20530; (202) 514–0677.

### Correction

In the **Federal Register** of September 13, 2011, in FR Document 2011–23394, on page 56477, under the heading Executive Office for U.S. Attorneys—EOUSA, and under the name JARRETT, HOWARD MARSHALL DIRECTOR, add the name WILKINSON, ROBERT PRINCIPAL DEPUTY AND CHIEF OF STAFF. Also, on page 56480, under the heading U.S. Marshals Service—USMS, and under the name JONES, SYLVESTER E ASSISTANT DIRECTOR, WITNESS SECURITY, add the name HEMPHILL, ALBERT ASSISTANT DIRECTOR, FINANCIAL SERVICES.

These new names are “as of September 13, 2011.”

**Lee J. Lofthus,**

*Assistant Attorney General for Administration.*

## DEPARTMENT OF JUSTICE

### National Institute of Corrections

#### Solicitation for a Cooperative Agreement—Production of Five Live Satellite/Internet Broadcasts

**AGENCY:** National Institute of Corrections, U.S. Department of Justice.

**ACTION:** Solicitation for a cooperative agreement.

**SUMMARY:** The National Institute of Corrections (NIC) is soliciting proposals from organizations, groups, or individuals to enter into a cooperative agreement with NIC for up to twelve months to begin January 2012. Through this cooperative agreement, funds will be made available for the production of a minimum of five live satellite/Internet broadcasts. All of the proposed satellite/Internet programs are three-hour nationwide broadcasts. This agreement also includes the production of pre-recorded video clips and screen captures that will serve to enhance the instructional value of the broadcast or otherwise enhance the “look and feel” of visual materials, the set, or other items to be used during the broadcast. **DATES:** Applications must be received by 4 p.m. (EDT) on Monday, November 21, 2011.

**ADDRESSES:** Mailed applications must be sent to: Director, National Institute of Corrections, 320 First Street NW., Room 5002, Washington, DC 20534. Applicants are encouraged to use Federal Express, UPS, or similar service to ensure delivery by the due date.

Hand-delivered applications should be brought to 500 First Street NW., Washington, DC 20534. At the front desk, dial 7–3106, extension 0, for pickup. Faxed applications will not be accepted. Only electronic applications submitted via <http://www.grants.gov> will be accepted.

**FOR FURTHER INFORMATION CONTACT:** A copy of this announcement can be downloaded from the NIC Web site at <http://www.nic.gov>. All technical and/or programmatic questions concerning this announcement should be directed to Steven Swisher, Correctional Program Specialist, Academy Division, National Institute of Corrections. He may be
