Joint EPA and Customs regulations at 40 CFR 85.1501 *et seq.*, 89.601 *et seq.*, 90.601 *et seq.*, 91.703 *et seq.*, 92.803 *et seq.*, 94.803 *et seq.*, 1068.301 *et seq.*, and 19 CFR 12.73 and 12.74 promulgated under the authority of Clean Air Act Sections 203 and 208 give authority for the collection of information. This authority was extended to nonroad engines and vehicles under section 213. The information is used by program personnel to help ensure that all Federal emission requirements concerning imported motor vehicles and nonroad engines are met. Any information submitted to the Agency for which a claim of confidentiality is made will be safeguarded according to policies set forth in Title 40, Chapter 1, part 2, subpart B—Confidentiality of Business Information (see 40 CFR 2.201 *et seq.*). The public is not permitted access to information containing personal or organizational identifiers.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** Individual importers and companies who import, or import and manufacture, nonroad engines and recreational vehicles.

**Estimated Number of Respondents:** 4,801.

**Frequency of Response:** Once per entry. (One form per shipment may be used.)

**Estimated Total Annual Hour Burden:** 6,029.

**Estimated Total Annual Cost:** \$299,481. This includes an estimated burden cost of \$261,479 and an estimated cost of \$38,002 for capital investment or maintenance and operational costs.

**Changes in the Estimates:** There are no changes in the number of hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. Form 3520–21 has remained relatively unchanged since the previous renewal and therefore the burden for filling in the form remains unchanged.
