SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65676; File No. SR-BATS-2011-045]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Modify the Market Opening Procedures of BATS Options

November 3, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on October 25, 2011, BATS Exchange, Inc. ("Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared

by the Exchange. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposal to amend the Rules applicable to the BATS options market ("BATS Options") in order to modify the opening procedures for BATS Options. The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BATS Options currently opens options, other than index options,⁴ for trading based on the first transaction after 9:30 a.m. Eastern Time in the securities underlying the options as reported on the first print disseminated pursuant to an effective national market system plan. The Exchange proposes to modify this procedure to wait for the first transaction on the primary listing market for each underlying security prior to opening trading in the related options. The Exchange believes this change is appropriate because on the

primary listing market a security typically opens through an auction mechanism that provides for additional price discovery as compared to non-listing markets.⁵ Accordingly, the Exchange believes the proposed change will help to improve the opening process of BATS Options by ensuring that an underlying security has been opened pursuant to a robust price discovery process before opening the overlying options for trading.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁶ In particular, the proposal is consistent with Section 6(b)(5) of the Act,⁷ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. In particular, the proposed rule change will allow the Exchange to protect investors and the public interest by waiting to open options for trading until the primary listing market for the applicable underlying security has opened such security, which should lead to more accurate prices on BATS Options at the market open.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective

³ 17 CFR 240.19b-4(f)(6).

⁴ BATS Rule 21.7 states that index options will open for trading at 9:30 a.m. Eastern Time, without requiring an execution in any underlying security. The Exchange notes that BATS Options does not currently offer trading of index options.

pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiver of the 30-day operative delay would allow the Exchange to immediately implement the proposed modifications to its market opening procedures, which are designed to protect investors and other market participants by ensuring that an underlying security has opened pursuant to a robust price discovery process before opening of the overlying options for trading. The Exchange represents that the proposed change will not require a significant programming effort by Users¹⁰ of BATS Options or other market participants and that it expects to have operational and technological changes in place to support the proposed rule change on or about November 4, 2011.¹¹ As such, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ As defined in BATS Rule 16.1(a)(62), a "User" on BATS Options is either a member of BATS Options ("Options Member") or a sponsored participant who is authorized to obtain access to the Exchange's system pursuant to BATS Rule 11.3 ("Sponsored Participant").

¹¹ See SR-BATS-2011-045, Item 7.

¹² For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Concerning Industry Directors and the Nomination of Representative Directors

November 3, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 21, 2011, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. On November 1, 2011, the Exchange submitted a technical amendment ("Amendment No. 1") to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to: (i) Amend its Bylaws to eliminate the requirement that at least 30% of the members of the Board of Directors must be Industry Directors; (ii) amend its Bylaws relating to its Advisory Board; (iii) amend its Bylaws relating to the nomination of Representative Directors; and (iv) make conforming changes to the CBOE Certificate of Incorporation and the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ As provided in the instructions to Form 19b-4, the Exchange noted in Item 2 of its filing that it needed to obtain, but had not yet obtained, formal approval from its Board of Directors for the Bylaw, Certificate of Incorporation, and Voting Agreement changes set forth in this proposed rule change. The Exchange also noted that it needed to obtain, but had not yet obtained, approval from CBOE Holdings, the Exchange's sole stockholder, of the changes to the Certificate of Incorporation and Voting Agreement. The Exchange stated that once these approvals were obtained, it would file a technical amendment to this proposed rule change to reflect these approvals. Amendment No. 1 reflected that the requisite approvals were obtained on November 1, 2011, and represented that no further action in connection with this proposed rule change was required. In addition, Amendment No. 1 contained the Exchange's consent to an extension of time for Commission consideration of this proposed rule change for an additional thirty-five days after November 1, 2011 (the filing date of this amendment).
