

perform other municipal securities activities in a competent manner, so no delay in the effective date of the Rule G-3 changes is appropriate.

The Commission has carefully considered the commenter's concerns about the MSRB's proposed changes to the licensing requirements for associated persons of brokers, dealers or municipal securities dealers for municipal securities activities other than sales to customers, the scope of the "grandfather" provisions, and the effective date of the proposed rule change, and does not believe the proposed changes are inconsistent with the Exchange Act.

#### IV. Discussion and Commission Findings

The Commission has carefully considered the proposed rule change, the comment letter received, and the MSRB's response to the comment letter and finds that the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the MSRB.<sup>8</sup> The Commission believes that the proposed rule change is consistent with the provisions of Section 15B(b)(2)(A) of the Exchange Act, which authorizes the MSRB to prescribe "standards of training, experience, competence, and such other qualifications as the Board finds necessary or appropriate in the public interest or for the protection of investors and municipal entities or obligated persons." Section 15B(b)(2)(A) of the Exchange Act also provides that the Board may appropriately classify municipal securities brokers, municipal securities dealers, and municipal advisors and persons associated with municipal securities brokers, municipal securities dealers, and municipal advisors and require persons in any such class to pass tests prescribed by the Board.

The proposed rule change is also consistent with the provisions of Section 15B(b)(2)(A) of the Exchange Act in that the proposed rule change will ensure that individuals seeking to engage in more than sales activities will be tested on their qualification and competency to engage in such other municipal securities activities. These individuals will be required to pass an examination that includes questions both on municipal securities and the municipal markets and on U.S. government, Federal agency and other

financial instruments, economic activity, government policy, factors affecting interest rates, and applicable Federal securities laws and regulations. The proposed rule change will also more closely align the information dealers are required to obtain pursuant to Rule G-7 with the information already required by FINRA and the bank regulators, thereby reducing the administrative burden on such dealers.

#### V. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Exchange Act,<sup>9</sup> that the proposed rule change (SR-MSRB-2011-17) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>10</sup>
