All Citizen Fisheries

Areas 7 and 7A: Open to gillnets with non-retention of sockeye from 8:15 a.m. to 11:59 p.m. (midnight) Tuesday, September 6, 2011, in the area southerly and easterly of a straight line drawn from Iwersen's dock on Point Roberts in the State of Washington to the Georgina Point Light at the entrance to Active Pass in the Province of British Columbia.

Areas 7 and 7A: Open to purse seines with non-retention of sockeye from 5 a.m. to 9 p.m. Tuesday, September 6, 2011, in the area southerly and easterly of a straight line drawn from Iwersen's dock on Point Roberts in the State of Washington to the Georgina Point Light at the entrance to Active Pass in the Province of British Columbia.

Order Number 2011-16: Issued 12:30 p.m., September 6, 2011

Treaty Indian Fisheries

Areas 4B, 5, and 6C: Extend for drift gillnets from 12 p.m. (noon) Wednesday, September 7, 2011 through 9 a.m. Friday, September 9, 2011.

Areas 6, 7, and 7A: Open to net fishing from 5 a.m. Wednesday, September 7, 2011 until 9 a.m. Friday, September 9, 2011, in the area southerly and easterly of a straight line drawn from Iwersen's dock on Point Roberts in the State of Washington to the Georgina Point Light at the entrance to Active Pass in the Province of British Columbia.

All Citizen Fisheries

Areas 7 and 7A: Open to reefnets with non-retention of sockeye from 5 a.m. to 9 p.m. Wednesday, September 7, 2011 and Thursday, September 8, 2011.

Order Number 2011-17: Issued 1 p.m., September 12, 2011

Treaty Indian Fisheries

Areas 4B, 5, and 6C: Open for drift gillnets from 5 a.m. until 11:59 p.m. (midnight) Tuesday, September 13, 2011.

Areas 6, 7, and 7A: Open to net fishing from 5 a.m. until 11:59 p.m. (midnight) Tuesday, September 13, 2011, in the area southerly and easterly of a straight line drawn from Iwersen's dock on Point Roberts in the State of Washington to the Georgina Point Light at the entrance to Active Pass in the Province of British Columbia.

Order Number 2011-18: Issued 9 a.m., September 19, 2011

Areas 6 and 7: Relinquish regulatory control effective 11:59 p.m. (midnight), Saturday, September 24, 2011.

Area 7A: The area easterly of the Eastpoint Light line will be relinquished as scheduled at 11:59 p.m. (midnight) on Saturday, October 1, 2011. The remainder of Area 7A (westerly of the Eastpoint Light line) will be relinquished as scheduled at 11:59 p.m. (midnight) on Saturday, October 8, 2011.

Classification

The Assistant Administrator for Fisheries NOAA (AA), finds that good cause exists for the inseason orders to be issued without affording the public prior notice and opportunity for comment under 5 U.S.C. 553(b)(B) as such prior notice and opportunity for comments is impracticable and contrary to the public interest. Prior notice and opportunity for public comment is impracticable because NMFS has insufficient time to allow for prior notice and opportunity for public comment between the time the stock abundance information is available to determine how much fishing can be allowed and the time the fishery must open and close in order to harvest the appropriate amount of fish while they are available.

The AA also finds good cause to waive the 30-day delay in the effective date, required under 5 U.S.C. 553(d)(3), of the inseason orders. A delay in the effective date of the inseason orders would not allow fishers appropriately controlled access to the available fish at that time they are available.

This action is authorized by 50 CFR 300.97, and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 3636(b).

Dated: November 4, 2011.

Steven Thur,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 110912579-1627-01]

RIN 0648-BB43

Atlantic Highly Migratory Species; Update to Information on the Effective Date of Atlantic Smoothhound Shark Fishery Management Measures

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS is updating the anticipated effective date of smoothhound shark management measures implemented in the Final Rule for Amendment 3 to the 2006 Consolidated Highly Migratory Species (HMS) Fishery Management Plan (FMP) that published on June 1, 2010, and were corrected on August 17, 2010. These measures originally were to be effective around April 2012, before the beginning of the 2012 fishing year. However, the recently enacted Shark Conservation Act of 2010 requires NMFS to re-evaluate its shark management measures. The effective date will therefore be later than originally thought to fully consider the Shark Conservation Act implications and to allow time for the Section 7 consultation under the Endangered Species Act (ESA) to be completed. This rule also removes and reserves the smoothhound shark regulations. These sections will be returned, with amendments as needed, in a final rule that implements both the smoothhound shark sections of the Shark Conservation Act and any requirements of the Section 7 consultation regarding smoothhound sharks.

DATES: The rule is effective December 12, 2011. The amendments to § 635.21(e)(3)(i), § 635.24(a)(7), and § 635.71(d)(18), published at 76 FR 49379, August 10, 2011, are withdrawn, effective November 10, 2011.

FOR FURTHER INFORMATION CONTACT: Steve Durkee at (202) 670-6637 or Karyl Brewster-Geisz at (301) 427-8503; (fax) (301) 713-1917.

SUPPLEMENTARY INFORMATION: The Atlantic shark fisheries are managed under the 2006 Consolidated Atlantic Highly Migratory Species (HMS) Fishery Management Plan (FMP), its amendments, and its implementing

regulations found at 50 CFR part 635, issued under authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*).

The regulatory identification number (RIN) for Amendment 3 to the 2006 Consolidated HMS FMP was prematurely closed. The RIN for this action is formally tied to the closed RIN for Amendment 3, 0648-AW65.

Amendment 3 (75 FR 30484, June 1, 2010; corrected by 75 FR 50715, August 17, 2010) will bring smoothhound sharks under Federal management. The smoothhound shark complex consists of smooth dogfish (*Mustelus canis*) and the Florida smoothhound (*Mustelus norrisi*). In Amendment 3, NMFS determined that smoothhound sharks are oceanic sharks that should be managed under the Secretary's authority because of their wide distribution and because their range extends into the jurisdictions of more than one of the five Atlantic fishery management councils. NMFS noted that, based on existing data, the smoothhound shark fishery was substantial, with average annual landings of 431 mt dw, which would rank among the highest for any species of shark managed by NMFS. Accordingly, NMFS determined that sound, science-based conservation and management was necessary to provide for the long-term sustainable yield of the stock.

Most smoothhound shark catch occurs with gillnet and trawl gear. In Amendment 3, NMFS stated that managing the species using uniform conservation and management measures developed and implemented through an FMP in accordance with the procedures set forth in the Magnuson-Stevens Act would better engage fishermen in developing conservation measures affecting the fishery. It would become increasingly difficult for NMFS to determine if prescriptive conservation and management measures, through future FMP amendments and/or regulatory changes, were needed without initial smoothhound management measures in place to collect critical data through Amendment 3.

The final rule implementing Amendment 3 published in June 2010, but the effective date for all smoothhound shark management measures was delayed to provide time for the NMFS Southeast Regional Office of Protected Resources to finalize a Biological Opinion (BiOp) on the proposed Amendment 3 measures for smoothhound effects on ESA-listed turtles and the northern right whale. Time was also needed for NMFS to

perform outreach to a new set of constituents and to implement a new commercial smoothhound fishing permit (including Office of Management and Budget approval). In the final rule implementing Amendment 3, NMFS stated that a document would be published in the **Federal Register** announcing the effective date of those provisions once the Office of Management and Budget (OMB) approved information collection requirements, as required under the Paperwork Reduction Act (PRA). Furthermore, NMFS stated that the effective date would likely be before the start of the 2012 fishing season for smoothhounds (approximately April 1, 2012).

Since publication of the final rule implementing Amendment 3, the Shark Conservation Act of 2010 (Pub. L. 111-348) became law. This legislation directly impacts the smoothhound shark fishery. Specifically, it amended the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) to provide greater protection for sharks landed in or imported into the United States. Among the provisions are two requirements that affect domestic shark management. One provision amends the Magnuson-Stevens Act to require that all sharks landed in the United States be maintained with the fins naturally-attached to the carcass through offloading. The second provision is labeled as a "savings clause" and reads: "The amendments made by subsection (a) do not apply to an individual engaged in commercial fishing for smooth dogfish (*Mustelus canis*) in that area of the waters of the United States located shoreward of a line drawn in such a manner that each point on it is 50 nautical miles from the baseline of a State from which the territorial sea is measured, if the individual holds a valid State commercial fishing license, unless the total weight of smooth dogfish fins landed or found on board a vessel to which this subsection applies exceeds 12 percent of the total weight of smooth dogfish carcasses landed or found on board."

Since NMFS needs to complete ESA consultation for the measures proposed for smoothhound sharks, and because the Agency needs to consider and implement congressionally-mandated smoothhound fishery management measures, NMFS is postponing the anticipated effective date of the Amendment 3 smoothhound management measures. The Agency no longer anticipates an effective date of April 1, 2012. Instead, NMFS anticipates the date will fall on the

effective date of the measures in the forthcoming final rule to implement 2010 Shark Conservation Act smoothhound provisions, and only after ESA Section 7 consultation is completed. Notice of the effective date will be provided to the public and interested parties through publication in the **Federal Register** and through other outreach channels, including constituent phone calls and listserve notices. This rule also removes and reserves the smoothhound shark regulations in the Code of Federal Regulations. These sections will be returned, with amendments as needed, in a final rule that implements both the smoothhound shark sections of the Shark Conservation Act and any requirements of the Section 7 consultation regarding smoothhound sharks.

Classification

The NMFS AA has determined that this final action is necessary for the conservation and management of the HMS fishery, and that it is consistent with the Magnuson-Stevens Act, the 2006 Consolidated Atlantic HMS FMP and its amendments, ATCA, and other applicable law.

This final rule has been determined to be not significant for purposes of Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment is unnecessary. This action does not amend prior regulations, but merely provides updated information on the anticipated timing of future rulemaking to implement Amendment 3. Indeed, NMFS is not proposing any particular rulemaking action upon which the public could comment, but is instead delaying the anticipated effective date of a regulation to allow NMFS to assess the impact of the 2010 Shark Conservation Act on the original rulemaking. For the same reasons, there is good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effective date.

Because prior notice and opportunity for public comment are not required for this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

List of Subjects in 50 CFR Part 635

Fisheries, Fishing, Fishing vessels, Permits, Quota, Smoothhound shark.

Dated: November 7, 2011.

Samuel D. Rauch III,

*Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.*

For the reasons set out in the
preamble, 50 CFR part 635 is amended
as follows:

**PART 635—ATLANTIC HIGHLY
MIGRATORY SPECIES**

■ 1. The authority citation for part 635
continues to read as follows:

Authority: 16 U.S.C. 971 *et seq.*; 16 U.S.C.
1801 *et seq.*

§ 635.2 [Amended]

■ 2. In § 635.2, the definition of
“smoothhound shark” is removed.

§ 635.4 [Amended]

■ 3. In § 635.4, paragraph (e)(4) is
removed and reserved.

§ 635.20 [Amended]

■ 4. In § 635.20, paragraph (e)(4) is
removed and reserved.

§ 635.22 [Amended]

■ 5. In § 635.22, paragraph (c)(6) is
removed and reserved.

§ 635.27 [Amended]

■ 6. In § 635.27, paragraphs (b)(1)(vii)
and (b)(2)(iv) are removed and reserved.

Appendix A to Part 635 [Amended]

■ 7. In Table 1 of Appendix A to part
635, the heading and text for the entry
E is removed and reserved.
