SUPPLEMENTARY INFORMATION: This Notice informs the public that the U.S. Department of Housing and Urban Development (HUD) will submit to OMB a request for approval to collect information to evaluate the Veterans Homelessness Prevention Demonstration. The FY 2009 budget for HUD included a \$10 million set-aside for a demonstration program “to test the effectiveness of strategies to prevent veterans from becoming homeless” (Senate Report No. 110-418). The Senate Report directed HUD to coordinate the demonstration program with the U.S. Department of Veterans Affairs (VA) and the U.S. Department of Labor (DOL). The resulting demonstration program, the Veterans Homelessness Prevention Demonstration (VHPD), is being implemented in five communities. The objectives of the VHPD evaluation are to

(1) Examine the most effective ways to identify, reach, and assist veterans who are at-risk of homelessness or are experiencing short-term homelessness; (2) evaluate the extent to which VHPD services and activities meet the needs of veterans experiencing a housing crisis and contribute to their longer-term economic stability and (3) identify barriers to providing prevention services to veterans.

Title of Proposal: Study of Public Housing Agencies' Engagement with Homeless Households.

OMB Control Number: XXXX-pending.

Description of the need for the information and proposed use: This information collection will support research that will explore and document how public housing agencies (PHAs) currently serve and interact with homeless households, to achieve the following: (1) Establish a baseline level of PHAs' current engagement in serving homeless households, (2) document the practices of PHAs that have an explicit preference for homeless households; (3) explore PHA perceptions of barriers to,

or concerns about, increasing the number of homeless households served or targeting homeless households for priority housing assistance; and (4) identify mechanisms to address or eliminate barriers to serving homeless households in mainstream housing assistance, with a focus on the housing choice voucher (HCV) program and public housing. Findings of this study will enable the U.S. Department of Housing and Urban Development (HUD), which funds PHAs, to develop strategies to expand access to

mainstream housing opportunities for homeless households that are rooted in evidence and informed by the PHAs themselves. The proposed data collection instrument is a web-based census survey that will be administered to all public housing agencies.

Members of affected public: Public housing agencies.
