DATES: The 2021 PMI will become effective December 16, 2011.

SUPPLEMENTARY INFORMATION:

Current Marketing Plan Background

The 1985 P-SMBP—ED Marketing Plan (1985 Plan) was published in the **Federal Register** (45 FR 71860, October 30, 1980) and provided the marketing plan principles used to market P-SMBP—ED firm hydropower resources. The FES contracts associated with the 1985 Plan were initially set to expire December 31, 2000. Subpart C of the Energy Planning and Management

Program (EPAMP) final rule, also published in the **Federal Register** (60 FR 54151, October 20, 1995), extended and amended the 1985 Plan. EPAMP extended the FES contracts associated with the 1985 Plan through December 31, 2020, and established the Post-2000, Post-2005, and Post-2010 Power Marketing Initiatives. The current Marketing Plan is inclusive of the 1985 Plan as extended and amended by EPAMP and the Post-2000, Post-2005, and Post-2010 Power Marketing Initiatives.

2021 PMI

Western initiated 2021 PMI discussions with P-SMBP—ED firm power customers in November 2010 by hosting meetings throughout the Upper Great Plains Region. In addition, Western hosted Native American-focused meetings throughout the Upper Great Plains Region to initiate government-to-government consultation with tribal firm power customers. The meetings provided customers the opportunity to review current Marketing Plan principles and provide informal input to Western for consideration in the 2021 PMI proposal. Key Marketing Plan principles discussed with firm power customers included: Contract Term, Resource Pools, Marketable Resource, Marketing Area, Load Factor Limit and Withdrawal Provisions, and Marketing Future Resources.

Western requested informal input from firm power customers for consideration in the 2021 PMI proposal. Customer input for the 2021 PMI supported Western extending the current Marketing Plan with amendments to the Contract Term and Resource Pools principles.

Western published its proposed 2021 PMI in the **Federal Register** (76 FR 12104, March 4, 2011) and initiated a 60-day public comment period. Public information and comment forums on the proposed 2021 PMI were held on April 13, 14, and 20, 2011. Western received 5 oral comments during the public comment forums and 51 comment letters during the public comment period, which closed on May 4, 2011. Western received a comment on May 4, 2011, requesting additional time to supplement comments on the proposed 2021 PMI. Western published a notice in the **Federal Register** (76 FR 47180, August 4, 2011) that re-opened the written comment period for the proposed 2021 PMI through September 6, 2011. Western received 5 new comment letters during the re-opened comment period. In total, Western received 5 oral comments and 56 comment letters from March 4, 2011,
