

Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is November 28, 2011.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: November 9, 2011.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

[Project No. 2246-058]

Yuba County Water Agency; Notice of Dispute Resolution Process Schedule; Panel Meeting, and Technical Conference

On October 20, 2011, the National Oceanic and Atmospheric Administration's, National Marine Fisheries Service (NMFS), filed a Notice to initiate a formal study dispute resolution process, pursuant to 18 CFR 5.14, in the relicensing proceeding for the Yuba County Water Agency's (YCWA) Yuba River Hydroelectric Project No. 2246. NMFS disputes the treatment of several of its study requests, filed on March 7, 2011, in the Commission's study plan determination, issued on September 30, 2011. NMFS specifically identifies study requests one through six and study request eight as the disputed components of its, March 7, 2011 filing. In its study requests one through six NMFS requested studies of the effects of project and related activities on: (1) Fish passage for anadromous fish; (2) hydrology for anadromous fish; (3) water temperatures for anadromous fish migration, holding, spawning, and rearing needs; (4) coarse substrate for anadromous fish: sediment supply, transport, and storage; (5) large wood and riparian habitat for anadromous fish; and (6) loss of marine-derived nutrients in the Yuba River, respectively. In study request eight, NMFS requested a study of, "anadromous fish ecosystem effects analysis: synthesis of direct, indirect,

and cumulative effects of the project and related facilities on anadromous fish."

In its October 20, 2011 filing, NMFS designated David K. White as its dispute resolution panel member. On October 25, 2011, Commission staff designated Stephen P. Bowler to serve in the Commission staff role of dispute resolution panel chair. From an established list of potential third party panelists, Mr. Bowler and Mr. White selected Mr. Richard E. Craven and requested that he serve on the panel. Mr. Craven agreed to serve and the panel convened on November 7, 2011. Mr. Craven's statement certifying that he has no conflict of interest, which also summarizes his qualifications, is attached. None of the three panelists have been involved previously in the Yuba River Hydroelectric Project relicensing proceeding.

The panel will hold an all-day technical conference on the disputed studies on November 30, 2011. The conference will be held in Sacramento, CA. Further details will be supplied in a future notice. The purpose of the technical conference is for the disputing agency, the applicant, and the Commission to provide the panel with additional information necessary to evaluate the disputed studies. All local, state, and federal agencies, Indian tribes, and other interested parties are invited to attend the meeting as observers. The panel may also request information or clarification on written submissions as necessary to understand the matters in dispute. The panel will limit all input that it receives to the specific studies or information in dispute and will focus on the applicability of such studies or information to the study criteria stipulated in 18 CFR 5.9(b). If the number of participants wishing to speak creates time constraints, the panel may, at its discretion, limit the speaking time for each participant.

The process plan for dispute resolution is as follows:

Responsible party	Pre-filing milestone	Date	FERC regulation
NMFS	Disputes filed	10/20/2011	5.14(a).
Dispute Panel	Third Dispute Panel Member Selected	11/4/2011	5.14(d)(3).
Dispute Panel	Dispute Resolution Panel Convened	11/7/2011	5.14(d).
YCWA	Applicant Comments on Study Disputes Due	11/14/2011	5.14(i).
FERC	Notice of Dispute Resolution Panel Technical Conference	11/9/2011 (with details on or before 11/16/2011).	Guidance.
Dispute Panel	Dispute Resolution Panel Technical Conference	11/30/2011	5.14(j).
Dispute Panel	Dispute Resolution Panel Findings Issued	12/9/2011	5.14(k).
FERC	Director's Study Dispute Determination	12/29/2011	5.14(l).

For more information, please contact Stephen Bowler, the dispute panel chair, at stephen.bowler@ferc.gov or (202) 502-6861.

Dated: November 9, 2011.

Kimberly D. Bose,

Secretary.

Reference: Dispute Resolution for the Yuba River Hydroelectric Project (P-2246-058)

Dear Secretary Bose:

I, Richard E. Craven, certify that to the best of my knowledge, I have had no prior involvement in the Yuba River Hydroelectric Project (P-2246-058) proceedings, and I have no other financial or other conflict of interest that would prevent me from impartially serving as an independent, third-party member of a study dispute resolution panel established pursuant to 18 CFR §5.14(d) in response to the notice of study dispute filed by the National Marine Fisheries Service on October 20, 2011. My qualifications for serving as a third-party dispute resolution panel member for the subject dispute follow.

I have worked on water resource development projects as an environmental consultant in Oregon and other states for over 30 years. My project experience includes preparation of numerous environmental documents, including environmental assessments (EAs), environmental impact statements (EISs), biological assessments (BAs), and FERC applications. All projects have involved extensive consultation and negotiation involving state and federal agencies and in multiple cases I have played a central role in resolving complex disputes.

My technical expertise includes instream flow incremental methodology (IFIM), habitat evaluation procedure (HEP), fish passage evaluation and conceptual design, fish screening, water quality assessment, temperature modeling, and sediment and erosion control. I have bachelors and masters degrees in zoology from Oklahoma State University, with a masters-level focus on fisheries and aquatic ecology. I also have completed post-masters coursework, formal training in IFIM and HEP (from the U.S. Fish and Wildlife Service), and extensive mediation training. I have been appointed to

and served on Oregon Fish Passage Task Force and the Oregon Fish Screen Task Force.

With my broad background in aquatic sciences, specific experience in fish passage and related topics, and history of contributing to constructive solutions to complex issues associated with water development projects, I am well-qualified to serve as a third-party dispute resolution panel member for this dispute. I look forward to doing so.

Sincerely,

Richard E. Craven

DEPARTMENT OF ENERGY

**Federal Energy Regulatory
Commission**

**Reliability Technical Conference
Agenda**

Reliability Technical Conference	Docket No. AD12-1-000
North American Electric Reliability Corporation	Docket No. RC11-6-000
Public Service Commission of South Carolina and the South Carolina Office of Regulatory Staff	Docket No. EL11-62-000
Not consolidated.	

As announced in the Notice of Technical Conference issued on October 7, 2011, the Commission will hold a technical conference on Tuesday, November 29, 2011, from 1 p.m. to 5 p.m. and Wednesday, November 30, 2011, from 9 a.m. to 4 p.m. to explore the progress made on the priorities for addressing risks to reliability that were identified in earlier Commission technical conferences. The conference also will discuss emerging issues, including processes used by planning authorities and other entities to identify reliability concerns that may arise in the course of compliance with Environmental Protection Agency regulations, and the tools and processes (including tariffs and market rules) available to address any identified reliability concerns. The agenda for this conference is attached. Commission members will participate in this conference.

The Commission will be accepting written comments regarding the matters discussed at this technical conference. Any person or entity wishing to submit written comments regarding the matters discussed at the conference should submit such comments in Docket No. AD12-1-000, on or before December 9, 2011.

Information on this event will be posted on the Calendar of Events on the Commission's Web site, <http://www.ferc.gov>,

www.ferc.gov, prior to the event. The conference will be transcribed. Transcripts will be available immediately for a fee from Ace Reporting Company ((202) 347-3700 or 1-(800) 336-6646). A free webcast of this event is also available through <http://www.ferc.gov>. Anyone with Internet access who desires to listen to this event can do so by navigating to www.ferc.gov's Calendar of Events and locating this event in the Calendar. The event will contain a link to the webcast. The Capitol Connection provides technical support for webcasts and offers the option of listening to the meeting via phone-bridge for a fee. If you have any questions, visit <http://www.CapitolConnection.org> or call (703) 993-3100.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1-(866) 208-3372 (voice) or (202) 208-1659 (TTY), or send a FAX to (202) 208-2106 with the required accommodations.

For more information about this conference, please contact:

Sarah McKinley, Office of External Affairs, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, (202) 502-8368, sarah.mckinley@ferc.gov.

Technical Conference**

November 29, 2011
1 p.m.–5 p.m.
November 30, 2011
9 a.m.–4 p.m.

Agenda

November 29, 2011

1 p.m. Commissioners' Opening
Remarks

1:20 p.m. Introductions

Commissioner Cheryl LaFleur, Chair
1:25 p.m. Panel I: Identifying Priorities
for NERC Activities

Presentations: NERC will be invited to provide an update on its priorities as identified in the February 8, 2011 Reliability Technical Conference. Panelists will be invited to express their general views on how NERC's prioritization tool has been working. Has NERC addressed concerns raised at the February 8, 2011 Reliability Technical Conference. Panelists will be asked to address some or all of the following:

a. What are the most critical reliability issues and/or standards development initiatives that needed to be addressed in 2011 and 2012? What is the status of the priorities identified by NERC at the
