Formetanate HCl; Amendment to the Use Deletion Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's amendment to the order for the deletion of uses, voluntarily requested by the registrant and accepted by the Agency, of products containing formetanate HCl, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This amendment follows a September 14, 2011 **Federal Register** Use Deletion Order which approved the voluntary request by Gowan Company to delete certain uses from Formetanate HCl product registrations. These are not the last products containing this pesticide registered for use in the United States. The September 14, 2011 cancellation order allowed the formetanate HCl registrants to sell and distribute existing stocks of products under the previously approved labeling until November 30, 2011. The sole technical registrant for Formetanate HCl, Gowan Company has requested to extend their sale and distribution deadline by 60 days. The Agency will extend the deadline for the registrant to sell and distribute existing stocks until January 31, 2012. This amendment does not affect the deadline of December 31, 2013 for persons other than the registrant to sell, distribute, or use existing stocks of products (including those of (24c) Special Local Needs registrations) whose labels include the deleted uses.

DATES: The amendment is effective November 16, 2011.

Dicloran; Cancellation Order for Amendment To Terminate Use on Potatoes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the amendment to terminate use on potatoes, voluntarily requested by the registrant and accepted by the Agency, of products containing dicloran (DCNA), pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a December 1, 2010 **Federal Register** Notice of Receipt of Request from the registrant listed in Table 2 of Unit II. to voluntarily amend to terminate DCNA use on potatoes for these product registrations. These are not the last products containing this pesticide registered for use in the United States. In the December 1, 2010 notice, EPA indicated that it would issue an order implementing the amendment to terminate use, unless the Agency received substantive comments within the 180-day comment period that would merit its further review of these requests, or unless the registrant withdrew their request. The Agency did not receive any comments on the notice. Further, the registrant did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested amendment to terminate DCNA use on potatoes. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The amendment is effective November 16, 2011.
