

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act<sup>6</sup> and Rule 19b-4(f)(6)<sup>7</sup> thereunder.

The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission. The Commission believes waiver of the 30-day operative delay is in the interest of investors because it will expedite the introduction of new features to the PHLX equities market. The features are currently available on other exchanges, and the Commission sees no reason to delay their introduction at the Exchange. Therefore, the Commission designates the proposal to be operative upon filing.<sup>8</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
