### Incorporation of Risk Management Concepts in Regulatory Programs

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Request for public comments.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC or the Commission) is considering development of a strategic vision to better incorporate risk management concepts into its regulatory programs. To continue NRC’s longstanding goal to move toward more risk-informed, performance-based approaches in its regulatory programs, Chairman Gregory Jaczko has chartered a task force headed by Commissioner George Apostolakis to develop a strategic vision and options for adopting a more comprehensive and holistic risk-informed, performance-based regulatory approach that would continue to ensure the safe and secure use of nuclear material. As part of this initiative, the task force is seeking comments from external stakeholders on a series of questions that will provide input for the task force to consider in its work.

**DATES:** Submit comments by January 6, 2012. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.
