

demand is preempted by 49 U.S.C. 14506. The recent amendment to the Act, however, removed this requirement, rendering ATA's request moot. As a result, FMCSA does not address this issue.

By letter dated January 25, 2011, the ADPS responded to ATA's petition. ADPS acknowledged that the requirements of the Act are more stringent than Federal regulations, but stated that the requirements should not be preempted because they have safety benefits and do not place an unreasonable burden on interstate commerce.

Applicable law

Section 31141 of title 49, United States Code, prohibits States from enforcing a law or regulation on CMV safety that the Secretary of Transportation (Secretary) has determined to be preempted. To determine whether a State law or regulation is preempted, the Secretary must decide whether a State law or regulation: (1) Has the same effect as a regulation prescribed under 49 U.S.C. 31136, which is the authority for much of the Federal Motor Carrier Safety Regulations (FMCSRs); (2) is less stringent than such a regulation; or (3) is additional to or more stringent than such a regulation (49 U.S.C. 31141(c)(1)). If the Secretary determines that a State law or regulation has the same effect as a regulation based on 31136, it may be enforced (49 U.S.C. 31141(c)(2)). A State law or regulation that is less stringent may not be enforced (49 U.S.C. 31141(c)(3)). And a State law or regulation the Secretary determines to be additional to or more stringent than a regulation based on 31136 may be enforced unless the Secretary decides that the State law or regulation (1) Has no safety benefit; (2) is incompatible with the regulation prescribed by the Secretary; or (3) would cause an unreasonable burden on interstate commerce (49 U.S.C. 31141(c)(4)). To determine whether a State law or regulation will cause an unreasonable burden on interstate commerce, the Secretary may consider the cumulative effect that the State's law or regulation and all similar laws and regulations of other States will have on interstate commerce (49 U.S.C. 31141(c)(5)). The Secretary's authority under 31141 is delegated to the FMCSA Administrator by 49 CFR 1.73(g).

Request for Comments

Although preemption under 31141 is a legal determination reserved to the judgment of the Agency, FMCSA seeks comment on what effect, if any,

Alabama's metal coil load securement certification requirement has on interstate motor carrier operations. Commenters are also encouraged to submit information on similar requirements imposed by States other than Alabama. In requesting comments, FMCSA does not seek legal conclusions. FMCSA also seeks information on the safety, economic, and operational effects, including cumulative effects, of Alabama's and other States' requirements. FMCSA requests commenters to limit their submissions to these issues and to submit data supporting their positions. The Agency has placed in the docket for inspection: FMCSA's June 26, 2009 letter, Governor Riley's August 26, 2009 reply, ATA's December 22, 2010 petition, ADPS's January 25, 2011 response, the Alabama Metal Securement Act, the ADPS April 5, 2011 rule implementing the Metal Coil Securement Act, and the June 2011 amendments to the Metal Coil Securement Act.

Issued on: November 2, 2011.

Anne S. Ferro,

Administrator.

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995.
