Uncovered Innerspring Units From the People's Republic of China: Second Extension of Final Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") is extending the time limit for the final results of the first new shipper review of uncovered innerspring units ("innersprings") from the People's Republic of China ("PRC"). The review covers the period of review ("POR") of February 1, 2010, through July 31, 2010.

DATES: *Effective Date:* November 29, 2011.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; *telephone:* (202) 482-0413.

Background

On August 4, 2011, the Department published in the *Federal Register* the *Preliminary Results* of the new shipper review of innersprings from the PRC.¹ On October 24, 2011, the Department extended the final results until November 22, 2011.² The respondent in this new shipper review is Foshan Nanhai Jiujiang Quan Li Spring Hardware Factory ("Quan Li").

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the "Act"), and section 351.214(i)(1) of the Department's regulations, require the Department to issue the final results in a new shipper review 90 days after the date on which the preliminary results are issued. The Department may, however, extend the deadline for completion of the final results of a new shipper review to 150 days if it determines that the case is extraordinarily complicated.³

² See *Uncovered Innerspring Units from the People's Republic of China: Extension of Final Results of Antidumping Duty New Shipper Review*, 76 FR 65695 (October 24, 2011).

³ See section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

Extension of Time Limit for Final Results of Review

We determine that this case is extraordinarily complicated because the Department requires additional time to analyze interested parties' case and rebuttal briefs concerning the *bona fide* nature of the sale under review. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, and section 351.214(i)(2) of the Department's regulations, we are fully extending the time for the completion of the final results of this review until December 23, 2011.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: November 18, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Lined Paper Products From Indonesia: Final Results of the Expedited Sunset Review of the Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* November 29, 2011

SUMMARY: The Department has conducted an expedited sunset review of the countervailing duty ("CVD") order on certain lined paper products ("lined paper") from Indonesia. As a result of the review, the Department finds that revocation of the CVD order would be likely to lead to a continuation or recurrence of a countervailable subsidy at the rates identified in the "Final Results of Review" section of this notice.

FOR FURTHER INFORMATION CONTACT: Mary Kolberg, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; *telephone* (202) 482-1785.

SUPPLEMENTARY INFORMATION:**Background**

On August 1, 2011, the Department published the notice of initiation of the first sunset review of the CVD order on lined paper from Indonesia, pursuant to

section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 76 FR 45778 (August 1, 2011). The Department received a notice of intent to participate in this review from the Association of American School Paper Suppliers and its members (collectively, "Petitioners"), within the deadline specified in 19 CFR 351.218(d)(1)(i). Petitioners claimed interested party status for this review under section 771(9)(C) of the Act, as manufacturers of the domestic like product in the United States.

On August 31, 2011, the Department received a complete substantive response from Petitioners within the deadline specified in 19 CFR 351.218(d)(3)(i). We received no substantive responses from any respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited sunset review of the CVD order.

Scope of the Order

The scope of the order includes certain lined paper products, typically school supplies,¹ composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets,² including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8¾ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or "tear-out" size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of

¹ For purposes of this scope definition, the actual use of or labeling these products as school supplies or non-school supplies is not a defining characteristic.

² There shall be no minimum page requirement for looseleaf filler paper.

any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of the order whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

Specifically excluded from the scope of the order are: Unlined copy machine paper; writing pads with a backing (including but not limited to products commonly known as "tablets," "note pads," "legal pads," and "quadrille pads"), provided that they do not have a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper; three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper; index cards; printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap; newspapers; pictures and photographs; desk and wall calendars and organizers (including but not limited to such products generally known as "office planners," "time books," and "appointment books"); telephone logs; address books; columnar pads and tablets, with or without covers, primarily suited for the recording of written numerical business data; lined business or office forms, including but not limited to: preprinted business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books; lined continuous computer paper; boxed or packaged writing stationary (including but not limited to products commonly known as "fine business paper," "parchment paper," and "letterhead"), whether or not containing a lined header or decorative lines; Stenographic pads ("steno pads"), Gregg ruled,³ measuring 6 inches by 9 inches.

Also excluded from the scope of the order are the following trademarked

products: Fly™ lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a Fly™ pen-top computer. The product must bear the valid trademark Fly™.⁴ Zwipes™: A notebook or notebook organizer made with a blended polyolefin writing surface as the cover and pocket surfaces of the notebook, suitable for writing using a specially-developed permanent marker and erase system (known as a Zwipes™ pen). This system allows the marker portion to mark the writing surface with a permanent ink. The eraser portion of the marker dispenses a solvent capable of solubilizing the permanent ink allowing the ink to be removed. The product must bear the valid trademark Zwipes™.⁵ FiveStar®Advance™: A notebook or notebook organizer bound by a continuous spiral, or helical, wire and with plastic front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is .019 inches (within normal manufacturing tolerances) and rear cover is .028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1" wide elastic fabric band. This band is located 2 3/8" from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar®Advance™.⁶ FiveStar Flex™: a notebook, a notebook organizer, or

binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3-ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is .019 inches (within normal manufacturing tolerances) and rear cover is .028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™.⁷

Merchandise subject to the order is typically imported under headings 4810.22.5044, 4811.90.9035, 4811.90.9050, 4811.90.9080, 4811.90.9090, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2050, 4820.10.2060, 4820.10.4000, and 4820.30.0040 of the Harmonized Tariff Schedule of the United States.

The tariff classifications are provided for convenience and U.S. Customs and Border Protection ("CBP") purposes; however, the written description of the scope of the order is dispositive.

Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Extension of Time Limit for the Preliminary Results of the New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 29, 2011.

SUMMARY: The Department of Commerce (the "Department") has decided to extend the time limit for the preliminary results of the new shipper review ("NSR") of the antidumping duty order on certain frozen warmwater shrimp ("shrimp") from the Socialist Republic of Vietnam ("Vietnam") to January 9, 2012. The period of review ("POR") for this NSR is February 1, 2010, through January 31, 2011.

FOR FURTHER INFORMATION CONTACT: Susan Pulongbarit or Seth Isenberg, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4031 and (202) 482-0588, respectively.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on shrimp from Vietnam was published in the **Federal Register** on February 1, 2005.¹ On February 28, 2011, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the "Act"), and 19 CFR 351.214(c), the Department received a NSR request from Thong Thuan Company Limited and its subsidiary company, Thong Thuan Seafood Company Limited (collectively, "Thong Thuan"). Thong Thuan certified that it is a producer and exporter of the subject merchandise upon which the request was based.

The notice initiating the NSR was published in the **Federal Register** on March 23, 2011.² The Department extended the time limit for the preliminary results by 60 days on

September 7, 2011.³ The Department extended the time limit for the preliminary results by an additional 30 days on November 1, 2011.⁴ The preliminary results are currently due no later than December 9, 2011.

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Act, provides that the Department will issue the preliminary results of a new shipper review of an antidumping duty order within 180 days after the day on which the review was initiated. *See also* 19 CFR 351.214 (i)(1). The Act further provides that the Department may extend that 180-day period to 300 days if it determines that the case is extraordinarily complicated. *See also* 19 CFR 351.214 (i)(2).

Extension of Time Limit of Preliminary Results

The Department determines that this new shipper review involves extraordinarily complicated methodological issues, including Thong Thuan's multiple production stages for subject merchandise and the need to evaluate the *bona fide* nature of Thong Thuan's sales. The Department finds that these extraordinarily complicated issues require additional time to evaluate. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the preliminary results by an additional 30 days. The preliminary results are now due no later than January 8, 2012. As that day falls on a Sunday, the final results are due no later than January 9, 2012.⁵ The final results continue to be due 90 days after the publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Act.

Dated: November 21, 2011.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
