BILLING CODE P

DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

Defense Federal Acquisition Regulation Supplement; Open Source Software Public Meeting

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice of public meeting.

SUMMARY: DoD is hosting a public meeting to initiate a dialogue with industry regarding the use of open source software in DoD contracts.

DATES: *Public Meeting:* January 12, 2012, from 10 a.m. to 12 p.m. EST.

ADDRESSES: *Public Meeting:* The public meeting will be held in the General Services Administration (GSA), Central Office Auditorium, 1800 F Street NW., Washington DC, 20405. The GSA Auditorium is located on the main floor of the building.

Submission of Comments: Interested parties are encouraged to submit comments in advance of the public meeting in order to establish the agenda and framework for the discussions in the meeting. Please cite "Public Meeting, DFARS—Open Source Software" in all correspondence related to this public meeting. You may submit written comments using any of the following methods:

- *Email:* dfars@osd.mil. Include "Public Meeting, DFARS—Open Source Software" in the subject line of the message.

- *Fax:* (703) 602-0350.

- *Mail:* Defense Acquisition Regulations System, Attn: Mr. Mark Gomersall, OUSD(AT&L)DPAP(DARS), Room 3B855, 3060 Defense Pentagon, Washington, DC 20301-3060.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Gomersall, telephone (703) 602-0302.

SUPPLEMENTARY INFORMATION: DoD is interested in obtaining input from the public with regard to the risks to the contractors and the Government

associated with using open source software on DoD contracts in the following areas:

- What are the risks that open source software may include proprietary or copyrighted material incorporated into the open source software without the authorization of the actual author, thereby exposing the Government and contractors who use or deliver the open source software to potential copyright infringement liability?

- Are contractors facing performance and warranty deficiencies to the extent that the open source software does not meet contract requirements, and the open source software license leaves the contractors without recourse?

- To what extent should the DFARS be revised to specify clearly the rights the Government obtains when a contractor acquires open source software for the Government, and why?

Registration: Individuals wishing to attend the public meeting should register by December 30, 2011, to ensure adequate room accommodations and to create an attendee list for secure entry to the GSA building for anyone who is not a Federal Government employee with a Government badge. Interested parties may register at this Web site, http://www.acq.osd.mil/dpap/dars/open_source_software.html, by providing the following information:

- (1) Company or organization name.
- (2) Names and email addresses of persons attending.

- (3) Last four digits of social security number for each attendee (non-Federal employees only).

- (4) Identify presenter if desiring to speak (limited to a 10-minute presentation per company or organization).

Attendees are encouraged to arrive at least 30 minutes early to ensure they are processed through security in a timely fashion. Attendees who registered online will be given priority if room constraints require limits on attendance.

Special Accommodations: The public meeting location is physically accessible to persons with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Mark Gomersall, telephone (703) 602-0302, at least 10 working days prior to the meeting date.

Presentations: If an attendee wishes to present a short oral presentation at the meeting of ten minutes or less, please advise during registration so appropriate arrangements can be made for scheduling purposes. If the presenter intends to share a handout to accompany an oral statement, please submit the document to dfars@osd.mil

for posting no later than December 30, 2011, so that other attendees may download the handout prior to the meeting. When submitting briefing information, provide the presenter's name, organization affiliation, telephone number, and email address on the cover page.

Correspondence and Comments: Please cite "Public Meeting, DFARS—Open Source Software" in all correspondence related to this public meeting. The submitted presentations will be the only record of the public meeting.

Government procurement.

Ynette R. Shelkin,

Editor, Defense Acquisition Regulations System.

BILLING CODE 5001-06-P

DEPARTMENT OF ENERGY

Plan for Conduct of 2012 Electric Transmission Congestion Study

AGENCY: Office of Electricity Delivery and Energy Reliability, Department of Energy (DOE).

ACTION: Notice of regional workshops, correction.

SUMMARY: On November 10, 2011, the Department of Energy (Department or DOE) published a notice of four regional workshops and request for written comments in connection with the preparation of a study of electric transmission congestion pursuant to section 216(a)(1) of the Federal Power Act (76 FR 70122). This document makes a correction to that notice.

FOR FURTHER INFORMATION CONTACT: David Meyer, DOE Office of Electricity Delivery and Energy Reliability, (202) 586-1411, david.meyer@hq.doe.gov.

Correction

The November 10, 2011 notice stated that the four regional workshops will be simulcast over the Internet and that advance registration for the Webcasts is required by visiting <http://www.ian.ibeam.com/events/ener001/26552/>. The workshops will not be simulcast. However, the Department requests—but does not require—that individuals planning to attend the workshops in person pre-register at this Web site: <http://energy.gov/oe/congestion-study-2012>.
