correction 74 FR 3987, 01/22/09; 75 FR 71069-71070, 11/22/10) as an option for the establishment or reorganization of general-purpose zones;

Whereas, the County of Monroe, grantee of Foreign-Trade Zone 141, submitted an application to the Board (FTZ Docket 29-2011, filed 04/28/11) for authority to reorganize and expand under the ASF with a service area of Monroe County, New York, in and adjacent to the Rochester Customs and Border Protection port of entry; remove existing Sites 1, 3, 4, 6, 7, 8, 10 and 11; FTZ 141's Sites 2, 5 and 9 would be categorized as magnet sites; and, Site 12 would be categorized as a usage-driven site;

Whereas, notice inviting public comment was given in the Federal Register (76 FR 25301, 05/04/11) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendation of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;
Now, therefore, the Board hereby orders:

The application to reorganize and expand FTZ 141 under the alternative site framework is approved, subject to the FTZ Act and the Board's regulations, including Section 400.28, to the Board's standard 2,000-acre activation limit for the overall general-purpose zone project, to a five-year ASF sunset provision for magnet sites that would terminate authority for Sites 2, 5 and 9 if not activated by November 30, 2016, and to a three-year ASF sunset provision for usage-driven sites that would terminate authority for Site 12 if no foreign-status merchandise is admitted for a bona fide customs purpose by November 30, 2014.

Signed at Washington, DC, this 28 day of November, 2011.

## Paul Piquado,

Assistant Secretary of Commerce, for Import Administration, Alternate Chairman, ForeignTrade Zones Board.

## Andrew McGilvray,

Executive Secretary.

DEPARTMENT OF COMMERCE
International Trade Administration
[A-533-843, A-560-818, A-579-901]
Final Results of Expedited Sunset Review of Antidumping Duty Orders: Lined Paper Products From India, Indonesia, and the People's Republic of China
AGENCY: Import Administration, International Trade Administration, Department of Commerce.
dates: Effective Date: December 6, 2011. Summary: On August 1, 2011, the Department of Commerce ("the Department'") initiated a sunset review of the antidumping duty ("AD") orders on lined paper products ("CLPP") from India, Indonesia, and the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See Initiation of Five-Year ("Sunset") Review, 76 FR 45778 (August 1, 2011). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties and an inadequate response (in this case, no response) from respondent interested parties in each of these reviews, the Department decided to conduct expedited sunset reviews of these AD orders pursuant to section 751(c)(3)(B) of the Act and 19 CFR
351.218(e)(1)(ii)(A). As a result of these reviews, the Department finds that revocation of the antidumping duty orders would likely lead to a continuation or recurrence of dumping at the margins identified in the "Final Results of Review" section of this notice.

## FOR FURTHER INFORMATION CONTACT:

George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-1167.

## SUPPLEMENTARY INFORMATION:

## Background

On August 1, 2011, the Department initiated sunset reviews of the AD orders on CLPP from India, Indonesia, and the PRC pursuant to section 751(c) of the Act. See Initiation of Five-Year ("Sunset") Reviews, 76 FR 45778 (August 1, 2011). The Department received a notice of intent to participate in each of these reviews from the Association of American School Paper Suppliers ("AASPS") and its individual members-MWV Consumer \& Office Products ('MWV'), Norcom, Inc., and

TopFlight, Inc. (collectively,
"petitioners"), within the deadline specified in 19 CFR 351.218(d)(1)(i). The petitioners claimed interested party status for each of these reviews under section $771(9)(C)$ of the Act, as domestic producers of CLPP.

The Department received a complete substantive response from the petitioners for each of these reviews within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, the Department did not receive a substantive response from any respondent interested party to either of these proceedings. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted expedited reviews of these AD orders.

## Scope of the Orders

The scope of these orders includes certain lined paper products, typically school supplies, ${ }^{1}$ composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets, ${ }^{2}$ including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring $8^{3 / 4}$ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or "tear-out" size), and are measured as they appear in the product (i.e., stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of these orders whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced.

[^0]Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

Specifically excluded from the scope of these orders are:

- Unlined copy machine paper;
- Writing pads with a backing (including but not limited to products commonly known as "tablets,"' "note pads," "legal pads," and "quadrille pads'"), provided that they do not have a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper;
- Three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper;
- Index cards;
- Printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap;
- Newspapers;
- Pictures and photographs;
- desk and wall calendars and organizers (including but not limited to such products generally known as "office planners," "time books," and "appointment books");
- Telephone logs;
- Address books;
- Columnar pads \& tablets, with or without covers, primarily suited for the recording of written numerical business data;
- Lined business or office forms, including but not limited to: preprinted business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books;
- Lined continuous computer paper;
- Boxed or packaged writing stationery (including but not limited to products commonly known as "fine business paper," "parchment paper," and "letterhead"), whether or not containing a lined header or decorative lines;
- Stenographic pads ("steno pads"), Gregg ruled, ${ }^{3}$ measuring 6 inches by 9 inches;

[^1]Also excluded from the scope of these orders are the following trademarked products:

- Fly ${ }^{\text {TM }}$ lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a FlyTM pen-top computer. The product must bear the valid trademark Fly ${ }^{\text {TM }}{ }^{4}$
- Zwipes ${ }^{\text {TM }}:$ A notebook or notebook organizer made with a blended polyolefin writing surface as the cover and pocket surfaces of the notebook, suitable for writing using a speciallydeveloped permanent marker and erase system (known as a Zwipes ${ }^{\mathrm{TM}}$ pen). This system allows the marker portion to mark the writing surface with a permanent ink. The eraser portion of the marker dispenses a solvent capable of solubilizing the permanent ink allowing the ink to be removed. The product must bear the valid trademark Zwipes ${ }^{\text {TM }}{ }^{5}$
- FiveStar ${ }^{\circledR}$ Advance ${ }^{\text {TM }}$ : A notebook or notebook organizer bound by a continuous spiral, or helical, wire and with plastic front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1" wide elastic fabric band. This band is located $2^{3} / 8^{\prime \prime}$ from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The

[^2]product must bear the valid trademarks FiveStar ${ }^{\circledR}$ Advance ${ }^{\text {TM }} .6$

- FiveStar FlexTM: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3 -ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex ${ }^{\text {TM }} 7$

Since the issuance of the PRC order, the Department has clarified the scope of the order in response to numerous scope inquiries. In addition, on September 23, 2011, the Department revoked, in part, the PRC AD order with respect to FiveStar ${ }^{\circledR}$ Advance ${ }^{\mathrm{TM}}$ notebooks and notebook organizers without PVC coatings. See Certain Lined Paper Products From People's Republic of China: Final Results of Antidumping Duty Changed Circumstances Review and Revocation, in Part, 76 FR 60803 (September 30, 2011).

Merchandise subject to these orders is typically imported under headings 4810.22.5044, 4811.90.9050, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2060, and 4820.10.4000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the orders is dispositive.

[^3]
## Analysis of Comments Received

All issues raised in these reviews are addressed in the Issues and Decision Memorandum ("Decision
Memorandum'") from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendation in this public memorandum which is on file electronically via Import Administration's Antidumping and

Countervailing Duty Centralized Electronic Service System ("IA ACCESS'"). Access to IA ACCESS is available in the Central Records Unit, room 7046, of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at http://ia.ita.doc.gov/frn. The electronic versions of the Decision Memorandum in IA ACCESS and on the Web are identical in content.

## Final Results of Review

Pursuant to sections 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping duty orders on CLPP from India, Indonesia, and the PRC
would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

| Country manufacturer/exporter | Margin (percent) |
| :---: | :---: |
| India: |  |
| Aero Exports ..................... | 23.17 |
| Kejriwal Paper Limited ....... | 3.91 |

## Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.
We are issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: November 29, 2011.

## Uncovered Innerspring Units from the People's Republic of China: Preliminary Results and Preliminary Rescission, in Part, of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: The Department of Commerce ("Department") is conducting an administrative review of the antidumping duty order ${ }^{1}$ on uncovered innerspring units ("innersprings") from the People's Republic of China ('PRC') for the period of review ("POR") February 1, 2010, through January 31,

[^4]2011. As discussed below, we preliminarily determine that Goodnite Sdn Bhd ("Goodnite") failed to cooperate to the best of its ability and are, therefore, applying adverse facts available ("AFA"') to Goodnite's PRCorigin merchandise. If these preliminary results are adopted in our final results of review, we will instruct U.S. Customs and Border Protection ("CBP') to assess antidumping duties on entries of subject merchandise during the POR.
FOR FURTHER INFORMATION CONTACT:
Susan Pulongbarit, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW.,
Washington, DC 20230; telephone: (202) 482-4031.

## SUPPLEMENTARY INFORMATION:

## Case Timeline

On February 28, 2011, the Department received a request from Petitioner ${ }^{2}$ to conduct an administrative review of two companies, Reztec Industries Sdn Bhd ("Reztec") and Goodnite. On March 31, 2011, the Department published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on innersprings from the PRC. ${ }^{3}$

On April 28, 2011, the Department issued antidumping duty questionnaires to Reztec and Goodnite, since they were the only two companies for which a review was requested. ${ }^{4}$ On May 3, 2011, Goodnite received the antidumping duty questionnaire issued by the

[^5]Department. ${ }^{5}$ On May 19, 2011, Reztec submitted a no-shipment certification to the Department. ${ }^{6}$ Goodnite did not respond to the Department's questionnaire.

## Scope of the Order

The merchandise subject to the order is uncovered innerspring units composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (e.g., twin, twin long, full, full long, queen, California king and king) and units used in smaller constructions, such as crib and youth mattresses. All uncovered innerspring units are included in the scope regardless of width and length. Included within this definition are innersprings typically ranging from 30.5 inches to 76 inches in width and 68 inches to 84 inches in length. Innersprings for crib mattresses typically range from 25 inches to 27 inches in width and 50 inches to 52 inches in length.

Uncovered innerspring units are suitable for use as the innerspring component in the manufacture of innerspring mattresses, including mattresses that incorporate a foam encasement around the innerspring.
Pocketed and non-pocketed innerspring units are included in this definition. Non-pocketed innersprings are typically joined together with helical wire and border rods. Non-pocketed innersprings are included in this definition regardless of whether they have border rods attached to the perimeter of the innerspring. Pocketed innersprings are individual coils covered by a "pocket" or "sock" of a

[^6]
[^0]:    ${ }^{1}$ For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.
    ${ }^{2}$ There shall be no minimum page requirement for looseleaf filler paper.

[^1]:    ${ }^{3}$ "Gregg ruling" consists of a single- or doublemargin vertical ruling line down the center of the page. For a six-inch by nine-inch stenographic pad, the ruling would be located approximately three inches from the left of the book.

[^2]:    ${ }^{4}$ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.
    ${ }^{5}$ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

[^3]:    ${ }^{6}$ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.
    ${ }^{7}$ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.
