

and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2011–0726; Airspace Docket No. 11–ASO–18) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2011–0726; Airspace Docket No. 11–ASO–18.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

#### Availability of NPRMs

An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA’s Web page at [http://www.faa.gov/airports/airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports/airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM’s should contact the FAA’s Office of Rulemaking, (202) 267–9677, to request a copy of Advisory circular No. 11–2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

#### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to establish

Class E airspace at Piseco, NY, providing the controlled airspace required to support the new RNAV GPS standard instrument approach procedures for Piseco Airport. Controlled airspace extending upward from 700 feet above the surface would be established for the safety and management of IFR operations at the airport.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would establish Class E airspace at Piseco Airport, Piseco, NY.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:

*Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.*

\* \* \* \* \*

#### AEA NY E5 Piseco, NY [New]

Piseco Airport, NY  
(Lat. 43°27′20″ N., long. 74°30′50″ W.)

That airspace extending upward from 700 feet above the surface within a 12.3-mile radius of Piseco Airport.

Issued in College Park, Georgia, on November 29, 2011.

### DEPARTMENT OF TRANSPORTATION

#### Federal Aviation Administration

#### 14 CFR Parts 121, 135 and 142

[Docket No. FAA–2011–1359]

#### Advisory Circular for Stall and Stick Pusher Training

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notice of availability of proposed Advisory Circular for Stall and Stick Pusher Training, request for comment.

**SUMMARY:** This notice announces the availability of a proposed Advisory Circular, regarding stall and stick pusher training for transport category airplanes for comment. This Advisory Circular provides guidance to training providers on stall event and stick pusher demonstration training, including recommendations and best practices for academic training, job performance training, and instructor training.

**DATES:** Written comments must be received on or before January 12, 2012.

**ADDRESSES:** Send comments identified by docket number FAA–2011–1359 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.

- *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

- *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Fax:* Fax comments to Docket Operations at (202) 493–2251.

*Privacy:* The FAA will post all comments it receives, without change, to <http://www.regulations.gov>, including any personal information the commenter provides. Using the search function of the docket Web site, anyone can find and read the electronic form of all comments received into any FAA dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, *etc.*). DOT's complete Privacy Act Statement can be found in the **Federal Register** published on April 11, 2000 (65 FR 19477–19478), as well as at <http://DocketsInfo.dot.gov>.

*Docket:* Background documents or comments received may be read at <http://www.regulations.gov> at any time. Follow the online instructions for accessing the docket or Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:**

Robert Burke, Air Transportation Division, Flight Standards Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8262; facsimile: (202) 267–5229; email: [robert.burke@faa.gov](mailto:robert.burke@faa.gov).

**Background**

The primary goal of this proposed advisory circular is to provide training, testing, and checking recommendations designed to maximize the likelihood that pilots will respond correctly and consistently to unexpected stall warnings, aerodynamic stalls, and/or stick pusher activations. Additionally,

the advisory circular provides guidance for operators and training centers in the development of stall and stick pusher event training to include stall prevention, recognition of an approach-to-stall or actual stall, familiarity with stick pusher systems, and the correct procedure to recover from those conditions. Core principals of this Advisory Circular include:

- Emphasis of “reduce angle of attack” response as the primary response for stall events.
- Clarification of the evaluation criteria for a recovery from a stall or approach.
- Scenario-based training that includes realistic events that could be encountered in operational conditions, including stalls encountered with the autopilot engaged.
- Clarification of training to a full stall, to ensure that pilots execute the stall recovery at the first indication of a stall.
- Stick Pusher demonstration training.

The information within this proposed advisory circular was developed based on a review of recommended practices developed by major aircraft manufacturers, labor organizations, air carriers, training organizations, simulator manufacturers, and industry representative organizations. The FAA recognizes that the content of this draft AC explains in further detail concepts proposed in the supplemental notice of proposed rulemaking (SNPRM), entitled *Qualification, Service, and Use of Crewmembers and Aircraft Dispatchers*, FAA Docket FAA–2008–0677, and corresponding flightcrew member training AC, regarding stall and stick pusher training. Following review of the comments regarding the stall and stick pusher training proposed in the SNPRM, this advisory circular may require additional revision. The FAA will review both the comments received in response to this advisory circular and the SNPRM, and revise the documents accordingly to ensure consistency and standardization.

The agency will consider all comments received by January 12, 2012. Comments received after that date may be considered if consideration will not delay agency action on the review. A copy of the advisory circular is available for review in the assigned docket for the advisory circular at <http://www.regulations.gov>.

Issued in Washington, DC, on December 5, 2011.

**14 CFR Part 183**

[Docket No. FAA–2011–1149]

**Clarification of Policy Regarding Designated Aircraft Dispatcher Examiners; Reopening of Comment Period**

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notice of availability; reopening of comment period.

**SUMMARY:** This action reopens the comment period for guidance material that was published for comment in the **Federal Register** on November 8, 2011. In that document, the FAA clarifies guidance to employees on the responsibilities, qualifications, and oversight of designated aircraft dispatcher examiners. The comment period closed on December 8, 2011. This reopening is a result of a request for extension of the comment period.

**DATES:** The comment period for the guidance material closed on December 8, 2011. The comment period is reopened and extended until February 8, 2012.

**ADDRESSES:** You may send comments identified by docket number FAA–2011–1149 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.

- *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

- *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Fax:* Fax comments to Docket Operations at (202) 493–2251.

*Privacy:* The FAA will post all comments it receives, without change, to <http://www.regulations.gov>, including
