

marked "Privacy Act Request." Include in the request your full name and complete address. The requester must sign the request; and, to verify it, the signature must be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. You may submit any other identifying data you wish to furnish to assist in making a proper search of the system. Requests for access to information must be addressed to the Record Information Dissemination Section, Federal Bureau of Investigation, 170 Marcel Drive, Winchester, Virginia 22602 or faxed to (540) 868-4992.

CONTESTING RECORD PROCEDURES:

Because this system contains classified intelligence and law enforcement information related to the government's counterterrorism, law enforcement and intelligence programs, records in this system are exempt from notification, access, and amendment to the extent permitted by subsections (j) and (k) of the Privacy Act (5 U.S.C. 552a). Requests for amendment should be addressed to the FBI at the address and according to the requirements set forth above under the heading "Record Access Procedures." If, however, individuals are experiencing repeated delays or difficulties during a government screening process and believe that this might be related to terrorist watch list information, they may contact the Federal agency that is conducting the screening process in question ("screening agency"). The screening agency is in the best position to determine if a particular problem relates to a terrorist watch list entry or is due to some other cause, such as a criminal history, an immigration violation or random screening. Some individuals also experience repeated delays during screening because their names and/or other identifying data, such as dates of birth, are similar to those of known or suspected terrorists. These individuals, referred to as "misidentified persons," often believe that they themselves are on a terrorist watch list, when in fact they only bear a similarity in name or other identifier to an individual on the list. Most screening agencies have or are developing procedures to expedite the clearance of misidentified persons during screening. By contacting the screening agency with a complaint, individuals will be able to take advantage of the procedures available to help misidentified persons and others experiencing screening problems. Check the agency's requirements for submitting complaints but, at a

minimum, individuals should describe in as much detail as possible the problem they are having, including dates and locations of screening, and provide sufficient information to identify themselves, such as full name, citizenship status, and date and place of birth. The TSC assists the screening agency in resolving any screening complaints that may relate to terrorist watch list information, but does not receive or respond to individual complaints directly. However, if TSC receives any such complaints, TSC will forward them to the appropriate screening agency. Additional information about the redress process and how to file a complaint with a screening agency is available on TSC's Web site at http://www.fbi.gov/about-us/nsb/tsc/tsc_redress.

RECORD SOURCE CATEGORIES:

Information in this system is obtained from individuals covered by the system, public sources, agencies and private sector entities conducting terrorism screening, law enforcement and intelligence agency record systems, government databases, and foreign governments.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

The Attorney General has exempted this system from subsections (c)(3) and (4), (d)(1), (2), (3) and (4), (e)(1), (2), (3), (5) and (8), and (g) of the Privacy Act pursuant to 5 U.S.C. 552a(j) and (k).

These exemptions apply only to the extent that information in the system is subject to exemption pursuant to 5 U.S.C. 552a(j) and (k). Rules have been promulgated in accordance with the requirements of 5 U.S.C. 553(b), (c) and (e) and are located at 28 CFR 16.96.
