Revised Descriptions of Park, Preserve and Wilderness Boundaries, Gates of the Arctic National Park and Preserve

AGENCY: National Park Service, Interior.

ACTION: Notice of Revised Boundary Descriptions.

SUMMARY: This notice sets out the revised legal descriptions of the boundaries of an expanded Gates of the Arctic National Park and a revised Gates of the Arctic Wilderness. For the sake of completeness this notice also sets out the unrevised description of the boundary of an unchanged Gates of the Arctic National Preserve.

FOR FURTHER INFORMATION CONTACT:

National Park Service, Chief, Land Resources Program Center, Alaska Region, 240 W. 5th Avenue, Anchorage, Alaska 99501, (907) 644-3426.

ADDRESSES: The map of the Gates of the Arctic National Park and Wilderness is available for viewing at the National Park Service offices in Anchorage at 240 West 5th Avenue, Anchorage, Alaska 99501, and in Fairbanks at 4175 Geist Road, Fairbanks, Alaska 99709.

SUPPLEMENTARY INFORMATION:

Gates of the Arctic National Park and Preserve and Wilderness were established on December 2, 1980 by the Alaska National Interest Lands Conservation Act. The boundaries of the Park, Preserve and Wilderness were published in the **Federal Register** on September 30, 1992.

This notice publishes two sets of boundary changes:

(1) The external boundaries of Gates of the Arctic National Park, Unit Number 1, and Gates of the Arctic Wilderness, Unit Number 1, as

published in the **Federal Register** at 57 FR 45186-88 and 45190-94 September 30, 1992, are herein updated by the addition of the lands and waters described in "Gates of the Arctic National Park and Preserve, Alaska; Addition of Kurupa Lake and Adjoining Lands to the Park", published in 45 FR 35041, August 12, 1982, and as corrected under "National Park Service, Gates of the Arctic National Park and Preserve, Alaska; Addition of Kurupa Lake and Adjoining Lands to the Park", 47 FR 42181, September 24, 1982, with the additional lands being a part of the Gates of the Arctic National Park. The boundary change that resulted from the "Addition of Kurupa Lake and Adjoining Lands to the Park" was not included in the legal description published in the **Federal Register** on September 30, 1992, because that legal description was required by Section 103(b) of the Alaska National Interest Lands Conservation Act (Pub. L. 96-487, 94 Stat. 2371), to describe solely the changes in land management status effected by that Act. The "Addition of Kurupa Lake and Adjoining Lands to the Park" occurred after passage of that Act.

(2) The external boundaries of Gates of the Arctic Wilderness, Unit Numbers 1 and 3, were amended by Section 302 of the Omnibus Parks and Public Lands Management Act of 1996 (Pub. L. 104-333, 110 Stat. 4093). The amended wilderness boundaries are depicted on a map titled "Wilderness Actions", map number 185/80,040, dated April 1994, available at the National Park Service offices in Anchorage and Fairbanks, Alaska.

The remainder of this notice is organized into the following sections:

I. Units within Gates of the Arctic National Park and Preserve.

II. Units of the National Wilderness Preservation System within Gates of the Arctic National Park.

In the following legal descriptions the symbol \wedge identifies the paragraphs affected by the revised park boundary descriptions.

[Docket No. ONRR-2011-0021]

Agency Information Collection Activities: Proposed Collection, Comment Request; Correction

AGENCY: Office of Natural Resources Revenue (ONRR), Interior.

ACTION: Notice of an extension of a currently approved information collection.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on a collection of information requests that we will submit to the Office of Management and Budget (OMB) for review and approval. The OMB formerly approved this information collection request (ICR) under OMB Control Number 1010-0103. After the Secretary of the Department of the Interior established ONRR (the former Minerals Revenue Management, a program under the Minerals Management Service) on October 1, 2010, OMB approved a new series number for ONRR and renumbered our ICRs. This ICR covers the paperwork requirements in the regulations under title 30, *Code of Federal Regulations* (CFR), parts 1202, 1206, and 1207 (previously 30 CFR parts 202, 206, and 207). The revised title of this ICR is "30 CFR Parts 1202, 1206, and 1207, Indian Oil and Gas Valuation." There are five forms associated with this information collection. ONRR published this notice on December 8th, 2011, at 76 FR 76746, with an incorrect due date for comments. This revised notice amends the due date.

DATES: Submit written comments on or before February 13, 2012.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary is required by various laws to manage mineral resource production on Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds in accordance with those laws. Applicable laws pertaining to mineral leases on Federal and Indian lands and the OCS are posted on our Web site at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The ONRR performs the minerals revenue management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Indian tribes and individual Indian mineral owners receive all royalties generated from their lands. Determining product valuation is essential to ensure that Indian tribes and individual Indian mineral owners receive payment on the full value of the minerals removed from their lands. Failure to collect the data described in this information collection could result in the undervaluation of leased minerals on Indian lands.

Effective October 1, 2010, ONRR reorganized and transferred their regulations from chapter II to chapter XII in title 30 of the *Code of Federal Regulations* (CFR), resulting in a change in our citations. Information collections covered in this ICR are found at 30 CFR part 1202, subparts C and J, which pertain to royalties; part 1206, subparts B and E, which govern the valuation of oil and gas produced from leases on Indian lands; and part 1207, which pertains to recordkeeping. All data reported is subject to subsequent audit and adjustment.

Regulations at 30 CFR part 1206, subpart B, govern the valuation for
