### Federal Railroad Administration

[Docket Number FRA-2011-0092]

#### Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated October 31, 2011, CSX Transportation (CSX) has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA has assigned the petition Docket Number FRA-2011-0092.

CSX seeks approval of the proposed modification of the bridge tender controlled signals to automatic signals at the Trout River Drawbridge in Jacksonville, FL, at Milepost S629.0, Kingsland Subdivision, Jacksonville Division. The modification consists of the conversion of bridge tender controlled signals to automatic signals.

The reason given for the proposed change is that the drawbridge tender position is being eliminated. Train crews will request that the bridge open and close via dual-tone multi-frequency radio. Signals will clear automatically for train movements once the bridge has been closed and locked and an approach circuit is occupied. This proven technology will allow the bridge to be safely operated for boat and rail traffic,

while reducing the personal safety risk associated with a manned control house located on the center span.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at <http://www.regulations.gov> and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. ### Federal Transit Administration

#### FY 2011 Discretionary Funding Opportunity; Section 5309 Bus and Bus Facilities Veterans Transportation and Community Living Initiative

**AGENCY:** Federal Transit Administration (FTA), DOT.

**ACTION:** FTA Veterans Transportation and Community Living Initiative Competitive Grant Program Funds: Announcement of Project Selections.

**SUMMARY:** The U.S. Department of Transportation's (DOT) Federal Transit Administration (FTA) announces the selection of projects funded under the Veterans Transportation and Community Living Initiative (VTCLI) discretionary grant program, which was announced in the Section 5309 Discretionary Bus and Bus Facilities Program notice of funding availability on July 27, 2011. The VTCLI grant program makes funds available to local, state and tribal agencies to create or expand One-Call/One-Click Transportation Resource Centers in their communities. These centers will increase the availability of community transportation resources to veterans, service members and military families and improve the accessibility of existing mobility resources and other transportation information to the whole community. Additionally, they will enable closer coordination of existing transportation services to improve customer experiences and overall efficiency. The VTCLI supports the Obama Administration's priority of supporting America's veterans and military families, as well as the objectives of the Federal Interagency Coordinating Council on Access and Mobility. The initiative is a joint effort of the Departments of Defense, Health and Human Service, Labor, Transportation and Veterans Affairs.
