**SUPPLEMENTARY INFORMATION:**

Information collected under this proposed ICR would be used to evaluate the efficacy of the Young Parents Demonstration Project (YPDP), a grant program designed to provide educational and occupational skills training that fosters family economic self-sufficiency to young parents (both mothers and fathers) and expectant parents ages 16-24, including, as applicable, those in high-risk categories such as victims of child abuse, children of incarcerated parents, court-involved youth, youth at risk of court involvement, homeless and runaway youth, Native American youth, migrant youth, youth in or aging out of foster care, and youth with disabilities. YPDP grantees are required to develop a mentoring model, which includes an intensive professional staff mentoring specifically for education, employment, and training and specifically for pregnant and parenting teens and young parents. Grantees are to implement this intervention as an additional level of services above and beyond the existing services they currently provide that are specifically intended to increase an individual's education, job training and employment.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. For
