Blue Heron Hydro LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the applications for original licenses for the Ball Mountain Dam Hydroelectric Project (FERC Project No. 13226–003) and the Townshend Dam Hydroelectric Project (FERC Project No. 13368–002). The Ball Mountain Dam Hydroelectric Project is proposed to be located on the West River near the town of Jamaica in Windham County, Vermont, at the U.S. Army Corps of Engineers’ (Corps) Ball Mountain Dam. The Townshend Dam Hydroelectric Project is proposed to be located West River in the town of Townshend in Windham County, Vermont, at the Corps’ Townshend Dam.

Staff prepared a multi-project environmental assessment (EA), which analyzes the potential environmental effects of licensing the projects, and concludes that licensing the projects, with appropriate environmental protection measures, would not constitute a major federal action that

would significantly affect the quality of the human environment.
