

constitute a determination that the bi-state Charlotte Area has met all other requirements for redesignation. Even if EPA finalizes today's proposed action, the designation status of the bi-state Charlotte Area would remain nonattainment for the 1997 8-hour ozone NAAQS until such time as EPA determines that the Area meets the CAA requirements for redesignation to attainment and takes action to redesignate the Area.

#### V. Statutory and Executive Order Reviews

This action proposes to make a determination of attainment based on air quality, and would not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
  - Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
  - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
  - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
  - Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
  - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
  - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
  - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
  - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- Consistent with Executive Order 13175 (65 FR 67,249, November 9, 2000) and EPA's Policy on Consultation and Coordination with Indian Tribes, EPA has consulted with Catawba Indian

Nation regarding today's proposed action.<sup>2</sup> In a letter dated October 13, 2011, EPA extended the Catawba Indian Nation an opportunity to consult with EPA regarding this and other actions related to the Charlotte Area. Consultation with the Catawba Indian Nation began on October 14, 2011, and ended on October 31, 2011. The views and concerns raised by the Tribe during consultation have been taken into account in this direct final rule. EPA notes today's action will not impose substantial direct costs on tribal governments or preempt tribal law.

#### National Emission Standards for Hazardous Air Pollutants: Ferroalloys Production; Extension of Comment Period

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; extension of public comment period.

**SUMMARY:** The EPA is announcing that the period for providing public comments on the November 23, 2011, proposed Rule Titled "National Emission Standards for Hazardous Air Pollutants: Ferroalloys Production" is being extended for 22 days.

<sup>2</sup> The Catawba Indian Nation Reservation is located within the South Carolina portion of the bi-state Charlotte nonattainment area. Generally, SIPs do not apply in Indian country throughout the United States. However, for purposes of the Catawba Indian Nation Reservation in Rock Hill, the South Carolina SIP does apply within the Reservation pursuant to the Catawba Indian Claims Settlement Act, S.C. Code Ann. 27-16-120 (providing that "all state and local environmental laws and regulations apply to the [Catawba Indian Nation] and Reservation and are fully enforceable by all relevant state and local agencies and authorities.")

**DATES:** *Comments.* The public comment period for the proposed rule published November 23, 2011 (76 FR 72508), is being extended for 22 days to January 31, 2012, in order to provide the public additional time to submit comments and supporting information.

**ADDRESSES:** *Comments.* Written comments on the proposed rule may be submitted to EPA electronically, by mail, by facsimile or through hand delivery/courier. Please refer to the proposal for the addresses and detailed instructions.

*Docket.* Publicly available documents relevant to this action are available for public inspection either electronically at <http://www.regulations.gov> or in hard copy at the EPA Docket Center, Room 3334, 1301 Constitution Avenue NW., Washington, DC The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. A reasonable fee may be charged for copying.

*World Wide Web.* The EPA Web site for this rulemaking is at: <http://www.epa.gov/ttn/atw/ferroa/ferropg.html>.

**FOR FURTHER INFORMATION CONTACT:** Mr. Conrad Chin, Metals and Inorganic Chemicals Group (D243-02), Sector Policies and Programs Division, Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711; Telephone number: (919) 541-1512; Fax number (919) 541-3207; Email address: [chin.conrad@epa.gov](mailto:chin.conrad@epa.gov).

#### SUPPLEMENTARY INFORMATION:

#### Comment Period

Due to requests received from industry to extend the public comment period, the EPA is extending the public comment period for an additional 22 days. Therefore, the public comment period will end on January 31, 2012, rather than January 9, 2012.

#### How can I get copies of this document and other related information?

The EPA has established the official public docket No. EPA-HQ-OAR-2010-0895. The EPA has also developed Web sites for the proposed rulemaking at the addresses given above.

Dated: December 22, 2011.
